

SCHOOL CLUBS

ASTRONOMY CLUB

On the Parents Teacher Meeting held on 4th February, 2017 an “Astronomy Exhibition” was setup in the school by the SPACE Astronomy Club students and the Astronomy Educators of the school. There was a plethora of fun-filled Astronomy activities which were thoroughly enjoyed by people of all age groups from students to parents who had come for the PTM. The Astronomy Corner consisted of various activities like Spectroscopy, POP rockets, Jantar Mantar display, Celestial Grid and Solar Observation.

**Mrigank of class X explained the
Jantar Mantar setup**

**Students enjoyed assembling the
Celestial Grid**

**Aviral of class X explained parents
about spectroscopy**

**Students enjoyed launching POP
Rockets**
