Circular

Dear Parents,

October 16, 2017

With Diwali round the corner, it has become important to sensitise children about the devastating effects that the firecrackers pose. The Supreme court has also taken an initiative to preserve our environment by banning the sale of firecrackers. So this Diwali let us all be a part of this noble cause and pledge to celebrate the festival in its true sense, with earthen lamps.

Let us all go the extra mile and make the day special for any one underprivileged child by giving him or her one pair of new clothes and sweets. Let's spread smiles and not pollution.

Wishing you all a green and a prosperous Diwali!

Thanks & Regards,

(Ms. Meenu Goswami)
Principal
