

**BAL BHARATI PUBLIC SCHOOL, PITAMPURA, DELHI-110034**

**SUBJECT- COMPUTER SCIENCE**

**CHAPTER:-5**

**E-commerce & Blogging**

**Guidelines:** Dear students, kindly refer to the following notes and video links of the Chapter- 'E-Commerce' and thereafter write the answers in your Computer notebook for the session 2020-2021.

**Introduction:**

- Electronic Commerce (E-commerce) also known as e-business, is a financial business transaction that occurs over an electronic network.
- Anyone who has a computer connected to the internet and has the means to make an online payment (through a credit card, debit card and net banking) for goods or services purchased online can participate in e-commerce.
- Two popular types of e-commerce are online shopping and trading in stocks.
- **Mode of payment** means the way that a buyer chooses to pay the seller for a good or service that is also acceptable to the seller.
- E-commerce sites use e-money to do electronic payment.
- Electronic payment refers to paperless monetary transactions.
- There are various ways of making electronic payments through electronic modes such as electronic wallet, credit card, debit card and net banking.

**BLOGGING:**

- **Blogging** is an exciting and dynamic medium by which you can publish your ideas, opinions and stories online.
- **A Blog** is a website that consists of a frequently updated collection of information and entries.
- Most blogs focus on a particular topic or subject area, although in a majority of blogs the '**subject**' is the person writing the blog.
