

CIRCULAR

Dear Parents,

April 06, 2017

Greetings from Bal Bharati Public School, Pitampura.

As you are aware, we have always believed in being the frontrunner in adopting technology to enhance learning experience of our students. We are introducing **Funtoot** in the same spirit and would like to take this opportunity to apprise you again on **Funtoot** - an adaptive digital learning program for Mathematics. 90,000+ students use **Funtoot** across India to improve their cognitive abilities and progress to Higher Order Thinking (HOTS).

Funtoot helps every child based on their respective context, interest, issues being faced, learning speed and other characteristics. It not only makes learning fun by leveraging the child's area of interest but also identifies a tailored learning path for every child - in the process resolving child specific learning gaps and thereby improving proficiency. Major features of **Funtoot** include,

- a) Personalized learning path for each child
- b) Curriculum integration matching school curriculum
- c) Step-by-Step evaluation and error identification for problems attempted
- d) Cross-topic movement to resolve identified learning gaps
- e) Hints at appropriate juncture to facilitate understanding
- f) Detailed reports for teachers and parents to help them understand weak areas of the student and offer remedial actions

We would request you to encourage your child to utilize this 'Funtoot Program' to practise Mathematics and to understand mathematical concepts in a better way.

Another important feature of this program is that as a parent you can login and track your child's progress on regular basis and the learning gap can be discussed with teachers. This will ensure optimal communication between you and school regarding the child's progress and guarantee elimination of learning obstacles in minimal period.

Please turn overleaf for instructions to access **Funtoot** from home. You can reach **Funtoot** service team for any query or assistance at 1800-103-9855 (toll free) or mail us at funtoot.bbbs@gmail.com.

We look forward to your continued patronage.

Regards

(Ms. Meenu Goswami)
Principal
