**Warm Up – Lets Revise Class III**

**Addition** is the mathematical operation which involves the process of **putting things together**. **Subtraction** is the mathematical operation which involves the process of **taking away** something from the given.

**WARM UP**

A. Which two numbers from the left add to give the number on the right?  
Choose and write.

The answer that we get on adding two numbers is called the sum.

The answer that we get on subtracting two numbers is called the difference.

**Let us solve the following and recapitulate the topic:**

**(To be done in the classwork notebook):**

**Q1) Fill in the blanks**

- \_\_\_\_\_ + 699 = 699
- Successor of 999 = \_\_\_\_\_
- 3294 + 0 = \_\_\_\_\_
- \_\_\_\_\_ added to 50 = 150
- 6 more than a dozen = \_\_\_\_\_
- 75 + \_\_\_\_\_ + 43 = 43 + 75 + 20
- \_\_\_\_\_ + 1 = 900
- 999 + \_\_\_\_\_ = 1000
- 2450 - 0 = \_\_\_\_\_
- 824 - 1 = \_\_\_\_\_

**Q2) There are 2700 boys and 2500 girls in a school. How many students are there in the school?**

**Q3) 7579 kg potatoes arrived in the market .Out of these 5437 kg potatoes were sold. How much potatoes were left?**

Q4. Insert the correct sign + or – in the blanks:

- a)  $3 \text{ --- } 4 \text{ --- } 5 = 2$
- b)  $10 \text{ --- } 3 \text{ --- } 3 = 4$
- c)  $6 \text{ --- } 6 \text{ --- } 6 = 6$
- d)  $20 \text{ --- } 10 \text{ --- } 40 = 50$

©2014 Growing Firsties

Find the missing part so that two parts add up to make the whole.

**SUBJECT-GK (2020-21)**

**NAME:** \_\_\_\_\_ **CLASS IV:** \_\_\_\_\_ **DATE: 17.04.2020**

**To be done in the sheet itself or any notebook. Taking a printout is not necessary**

Children, during this lockdown period, you must have surely experienced an earthquake.

Now, find out and write

- 1) What is an earthquake?
- 2) Which countries have the largest and the most frequent earthquakes?
- 3) How are earthquakes measured? / What do you mean by the magnitude of earthquake?
- 4) When and where did the last maior earthuake occur in INDIA?
