Q5) Identify one example each of:

- I. "Samir Ek" and "Samir Do" are diverse since they come from different religious and cultural background.
- II. Inequality between the two since, "Samir Ek" goes to school and "Samir Do" sells newspaper.
- III. We were well-dressed children. From our dress or talk no one could make out that we were children of the untouchables.
- IV. There were many bullock-carts but no one took them to Koregaon.

Long Answer questions:

Answer 6) Our rich diversity has been of immense importance to us:

1. It adds variety in our culture, giving us opportunity to taste new flavours, wear new dresses.
2. It adds knowledge, we learn about different customs and practices.
3. Teaches to respect differences.
4. Has been a source of strength, specially during freedom struggle against British.

(Any other relevant point)

Answer 7)

- Prejudice means to judge other people negatively or see them as inferior.
- Stereotype means to fix people into one image.

Stereotype and prejudice are negative attitude towards differences.

- Discrimination is incorrect behaviour because of this negative attitude (prejudice and stereotype).

Hence, prejudice and stereotype result in discrimination, which makes us ignore and disrespect differences around.

(Any other relevant point)

Answer 8) Yes, it is important to be treating everyone equal. Since equality ensures:

- Everyone gets opportunity to display his or her talent and skill.
- Resources are available to all for their development.
- Equality reflects respect for differences and diversity.

(Any other relevant point)

Answer 9) Secular country is where people of different religions and faith have the freedom to practice and follow their religion without any fear of discrimination. "Live together and respect one another."

Example: India

Answer 10) Features of the caste system:

- Those who were placed at the top in this order of caste system were called Upper caste and those who were placed at the bottom in this order of caste system were called untouchables.
- Caste rules were fixed.
- Did not give equal respect to all castes in the society.

(Any other relevant point)

Answer 11) Provisions made under the constitution to ensure equality:

1. Equal rights and opportunities to all.
2. Untouchability was seen as a crime and was legally abolished by law.
3. All citizens were free to choose the work they wished to do.
4. Government jobs were open to all people.
5. Government was made responsible to ensure protection and equality of all religions and weaker sections of the society (women, dalits, farmers, and tribal's).
