Each Child Matters - From Me to You...

Dear students
Hope you and your family are safe and healthy.
Times we are wading through are indeed challenging to the core.
History is replete with examples of humans overcoming challenges, adorning the cloak of resilience.
I truly believe that this pandemic might change the world order but humanity would survive and things would get better in times to come.
Children, let's not forget the fact that tough times create great leaders. We might be separated by distance and situation but believe me, we all are united at heart. We are always connected, though now the platform is virtual.
Bal Bharatians have always led by example, so amid this gloom let us be the harbingers of happiness and positivity.
Let us focus on keeping our head together and not get caught up with anxiety and stress.
Let's resolve to convert this challenge posed to us into an opportunity as it is only in our darkest hours that we discover the true strength of the brilliant light within ourselves that can never be dimmed.
Stay safe, stay healthy and stay positive.

Ms. Kavita Dhar,
Head Mistress - Senior

जंग : एक वायरस से

फिर उठेंगे , और चलेंगे , दूर तक हम जाएंगे
मुश्किलों के दौर कब तक, रोक हमको पाएंगे
हर चुनौती में अडिग हो ,जीत को चुनते हैं हम
रुख हवा का मोड़ दे जो , हीसलों में है वो दम
इस रोग के आगे हो बेबस , शीश को न झुकाएंगे
रह के अनुशासन में हम आजाद फिर हो जाएंगे
फिर उठेंगे -----

सब धरम है एक हिन्दू , न कोई इस्लाम है
मिल के लड़ना है हमें बस एक ही पैगाम है
ये नहीं धरती विदेशी , अपना हिंदुस्तान है
इसकी माटी में मरेगा , शत्रु जो अनजान है
फिर उठेंगे -----

दूर रहकर भी सभी से दूर ना हो जाए हम
गर कोई रह जाए भूखा , भूखे ही रह जाए हम
रोटियां जितनी भी होगी , बांट कर के खाएंगे
जो भी हो इंसानियत की राह ही अपनाएंगे
फिर उठेंगे -----

होगे कंधों पर तुम्हारे बस्ते , फिर से एक दिन
घल पड़ेंगे तुम उसी रस्ते पे , फिर से एक दिन
जिसकी मंजिल स्कूल , कक्षा , खेल का मैदान हो
हर तरफ गुंजाये फिर स्वर , राह न सुनसान हो
फिर उठेंगे -----

स्वरचित
जनिता वर्मा

I am your teacher,
I teach you the virtual way,
I long to see you giggle,
I wish to see you play...

I teach lessons,
I visit your computer screen,
I miss the moments when in unison,
'Good Morning Ma'am' you all used to scream...

I cater to your doubts,
I adjust my screen and mic.
I wish I could be in the class,
My happiness would then surely spike...

I miss the morning alarm,
I miss the school bell ring,
I miss solving the problems,
To me that you would often bring...

Let's pray for this phase to be eliminated
from our lives soon,
I wish we could spend our day at school
and go home only at noon...

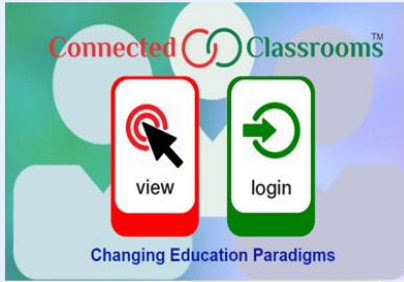

Our love for you is a constant,
Time too can't take a toll,
The school is merely the body,
You all are truly its soul...

Ms. Nidhi Wadhawan

Our Digital Footprint

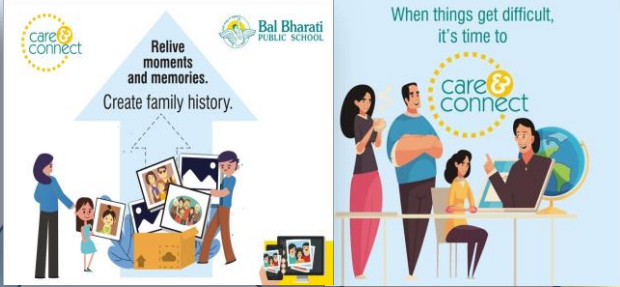

An online competition '**ByteX**' was conducted by the Byte Club of the school. Students had to build and develop a computer project of their choice based on the prompts assigned.

Care and Connect: It is a beautiful initiative taken by the school to maintain a regular connect with all the stakeholders. Through this enterprise, innovative ideas are shared with the parents on how to engage their child, both at an individual level and together as a family.

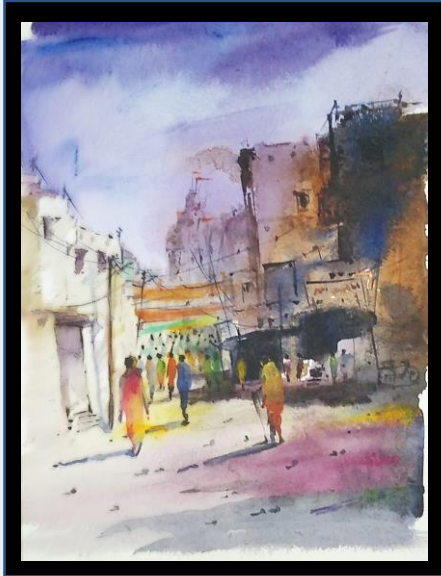

Integrated SEA activities and projects are being devised to encourage collaborative learning

Activities such as '**Solve to Evolve**' and '**Word Pursuit**' make learning fun for children and help them to improve their mathematical skills and vocabulary.

Our Art department has been preparing short video-based lessons, explaining how to create beautiful pieces of art through sketching and painting.

"The only Happy END that I know... it's the weekEND!"
Yes readers.... our proficient and dedicated teachers keep the students productively engaged during the weekends by providing them with activities and exercises which are not only fun to do, but also up their knowledge quotient.

Meal Planning Lessons are shared with students on every weekend to cater to their creativity, keep them occupied and to allow them to contribute in the domain of kitchen.

The **Sports teachers and instructors** have been sharing videos with the students, wherein they are performing easy-to-do exercises. They are aimed at helping the students and their family members to stay fit and healthy while at home

The **Music department** has been disseminating the knowledge of Music to the children, through its crisp video lessons detailing the nuances of playing various instruments.

"The best way to not feel hopeless is to get up and do something. Don't wait for good things to happen to you. If you go out and make some good things happen, you will fill the world with hope."

Our **Dance teachers** have been honing the aesthetics and dancing skills of students through their elaborately designed videos on various dance forms such as Bharatanatyam, Kathak, Kuchipudi among many others.

CRISP EDUCATION-A Novel Initiative 'CONNECTING CLASSROOMS'

"Excellence in education is when we do everything we can to make sure that our children become everything they can!!"

We, at **Bal Bharati Public School, Pitampura**, rest our faith on the firm belief that technology will never replace great teachers, yet.... technology in the hands of great teachers can be immensely transformational. **CRISP Education**, which is a comprehensive solution, endeavours to reshape teaching technology for a connected world, putting collaboration at the heart of learning by connecting people, content and systems that fuel education.

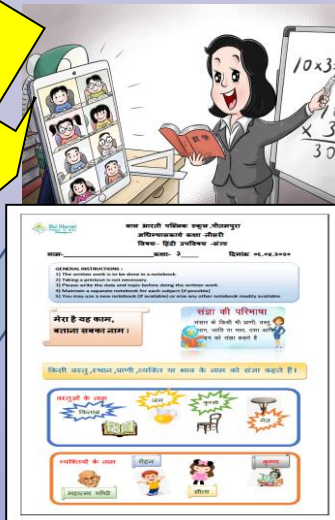

The pandemic... and then an unprecedented lockdown!!! The uncertainty!!!

It was this challenge to seamlessly integrate technology into the curriculum that provided the much needed impetus to have recourse to **GOOGLE CLASSROOM**. The platform opened up a niche for all students and teachers to virtually interact and not only discuss lessons and dispel doubts, (if any, in the minds of children or parents) but also have fun and exchange pleasantries. The students and parents are absolutely excited and eagerly await these classes each morning.

GRATITUDE !!
O MOTHER EARTH !!

On this unique Earth Day, during the lockdown, I pledge to water the plants at my home everyday, and reduce, reuse and recycle plastic bottles.

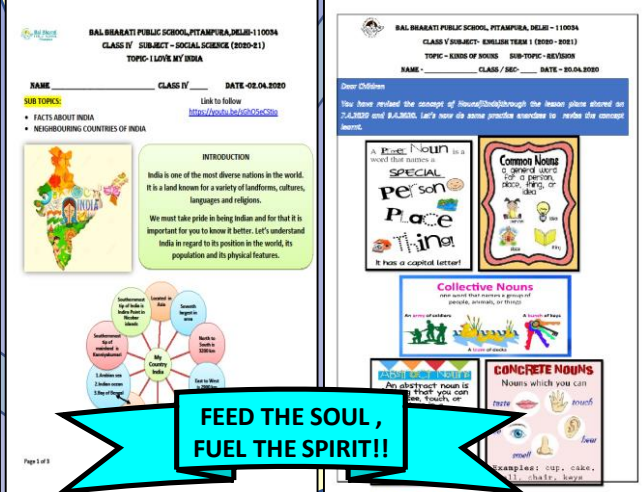

E-LEARNING..... LESSONS
KEEP FREE HOME
DELIVERY!!!

To keep the flame of our shared commitment burning bright amidst this lockdown, we at Bal Bharati Public School, Pitampura planned taking up **e-lessons** to keep our children engaged in learning in a normal routine.

It helps our children learn with fun through various assignments, quizzes and exercises while also instantly adapting to the syllabi combining AV based methods that make learning collaborative, effective and transformative.

On this Earth Day, I will go green by making organic compost at home by segregating and decomposing vegetable waste using an empty pot and soil.

FEED THE SOUL,
FUEL THE SPIRIT!!

For all the lovely children out there....
Under Lockdown
But spirits not locked up
Let's come together,
And Cheer up
Soon we will be back to
Studies and School,
So come on Buddy
Don't worry and stay
Cool.
For this is what life is,
Full of SURPRISES!
All we need to do
Without much ado...
Is to GET UP
NOT GIVE UP !!!!
By- Ms. Deepika Kwatra

खुशी के गीत
हम गीत खुशी के गाते थे
हम गीत खुशी के गाएँगे
गुज़र जाएगा यह पल भी
हम फिर से हाथ मिलाएँगे

अपनी नन्ही खुशियों को
हम फिर से मिलकर बाँटेंगे
अपने विद्यालय के आँगन में
हम फिर से मुस्कुराएँगे

फिर से गलियारे गुँज़ेंगे
फिर से कक्षाएँ चहकेंगी
फिर से दोस्तों के संग मिलकर
हम खूब शोर मचाएँगे

बच्चों की इस फुलवारी को
जब फिर से खिलता देखेंगे, तो
शिक्षक भी अपने बच्चों के
संग- संग मुस्कुराएँगे

अपर्णा वत्स

TOGETHER, WE RISE!
However long the night, the
dawn will break,
Learning won't stop even
during the contingency
break.
Together, we all will outwin
the deadly disease,
We should not panic, and
handle the situation with
ease.
The school fraternity stands
by your side,
To ensure you make great
strides.
Bal Bharati supports you
through thick and thin,
Be calm and stay assured
within!

Online Classes

The feeling of being personally connected to your students in a classroom is irreplaceable. Nevertheless, thanks to Virtual teaching and learning. Like every adversity brings an opportunity, with COVID 19, we're learning to spend quality time with family, discovering hidden capabilities and making use of the available technologies to remain connected and educating online. The lockdown has definitely put things into perspective. Let's appreciate this period of re-exploration both professionally and personally.
