VOCABULARY ENRICHMENT

We are all in the habit of adding the word **'very'** to describe something which is more than ordinary. For example: We are very happy/ very sad/ very excited/ very slow and so on.

We need to replace these words with a single word to make language more compact and richer. For eg. **'very happy'** can be replaced with the word **'delighted'**.

In this column, you will find one such word everyday. Try to use it in your day-to-day conversation.

Today's word:

very scary : It can be replaced with the word **'terrifying'**.

Eg.- I couldn't sleep well as I saw a **terrifying** movie last night.
