### VOCABULARY ENRICHMENT

Children, in this section we are familiarising you with single words which convey something that is more than ordinary.

We need to replace these with a single word to make the language more compact and richer. Let's look at the two words for today:-

**very sad- morose**- He was a silent **morose** man who didn't like the company of other people.

**very brave- valiant**- She died last week after a **valiant** battle with cancer.

You must try and make use of them while conversing with others.
