Vocabulary Enrichment

Children, in this section we are familiarizing you with single words which convey something that is more than ordinary. For example, 'very happy' can be replaced with a single word 'delighted'. Use of such words makes the language more compact and richer.

Let's look at the word for today:-

very costly – expensive

My mother gifted me an **expensive** watch on my birthday.

You must try and make use of these words while conversing with others!
