### **Vocabulary Enrichment**

Children, in this section we are familiarising you with single words which convey something that is more than ordinary. We need to replace these with a single word to make the language more compact and richer.

Let's look at the word for today:-

**'very exact'** can be replaced with - **accurate**

**For Example:** She measured the length of this piece of cloth **accurately**.

You must try and make use of them while conversing with others.
