VOCABULARY ENRICHMENT

We are all in the habit of adding the word **'very'** to describe something which is more than ordinary. For example: We are very happy/ very sad/ very excited/ very slow and so on.

We need to replace these words with a single word to make language more compact and richer. For eg. '**very happy'** can be replaced with the word '**delighted**'.

In this column, you will find one such word every day. Try to use it in your day-to-day conversation.

Today's word:

very big : It can be replaced with the word **'huge'.**

Eg.- The blue whale is **huge** in size.
