

PRE SCHOOL ACTIVITIES FOR THE

MONTH OF APRIL

1. WORLD BOOK DAY (23.4.20)

On the event of 'World Book Day' children of Pre School were encouraged to prepare their own 'book name tags' in order to promote love for books . Children coloured and decorated their name tags beautifully with the help of their parents. Having their own name as a book tag was a big source of joy for the little learners.

2. EARTH DAY ACTIVITY (22.4.20)

To mark the celebration of Earth Day, children were encouraged to avoid any wastage of paper. For this, the parents were suggested to narrate a simple story using a puppet to familiarize their child with the importance of saving paper.

They were made to understand that 'Every day is an Earth Day'. Some parents even organised small puppet shows to create awareness amongst the children.
