

MOTHER'S DAY

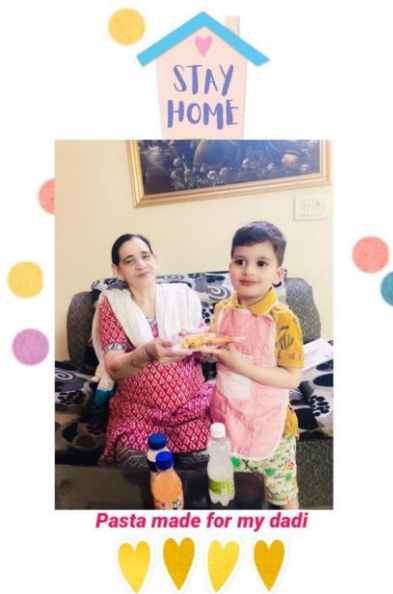

During this time of Quarantine, the mothers need to be honored for strongly holding the homefront for the safety of the family.

The students of class-1 celebrated the Mother's day on 10th May 2020 and made it very special for their mothers'. The tasks were suggested by the class teachers such as baking cake, making a cup of tea(with their father's help). The children offered manicure and put nail paint on their mothers'. The kids also showed their skill in making a beautiful card and writing a short poem for their mothers.

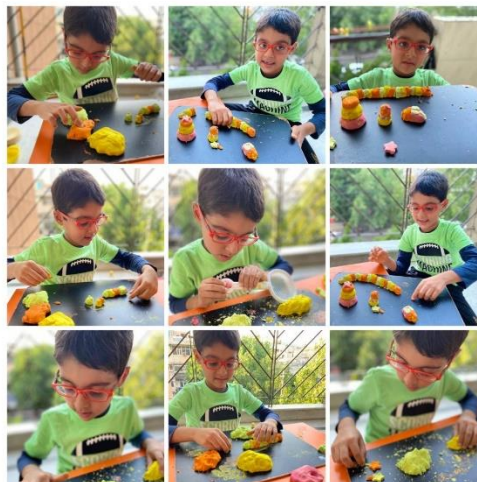

INTERNATIONAL FAMILY DAY

Today' challenging scenario teaches us about the fragility of life and the value of moments spent with our loved ones. We should count our blessings and never take them for granted. Keeping this in mind the children of Class 1 celebrated the International Family Day on 15.5.2020. Students were given various activities to spend quality time with their family. From cooking breakfast to praying and playing together-family members enjoyed the day thoroughly. Everyone learnt about the joy of helping others.

ONLINE CLASSES

During these challenging times ,to facilitate the teaching learning process ,the school initiated the process of conducting Online Tutorials for the students of class 1.The sessions commenced from 4th May 2020. Aiming to harness and capitalize upon children’s energy and inherent talent we decided to include various non scholastic subjects too in our online teaching learning process.These array of activities were included to create an abundance of well being and positivity to the growing brains.
