As a special and healthy treat, make a plate of kebabs for your family-

Traffic light fruit kebabs:

To make traffic light fruit kebabs, you'll need:

- red fruit, such as watermelon, plums or strawberries
- yellow fruit, such as mango, pineapple

This is to remind you all about the Earth Day. Earth Day is celebrated to raise awareness about the importance of protecting our planet Earth. The first Earth Day was celebrated in 1970. 22nd April 2020 was marked as the 50th anniversary of the Earth Day. Amid the recent Covid-19 global pandemic, Earth Day has gone digital.

I Love the Earth
(A Tune: Eensy Weensy Spider)

I love the Earth
And everything that lives.

I love the plants
And the beauty each one gives.

I love the animals
And the fishes at sea.

For I am a part of Mother Earth
And it's a part of me.

We request the parents to inspire the students to do their part to take care of the Earth. Such as:

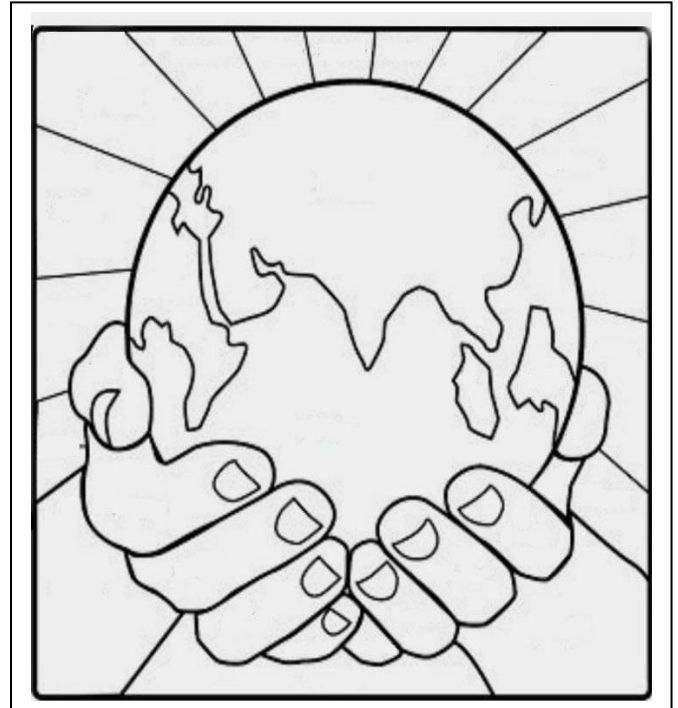

- 1. Go green; plant a tree.**
- 2. Turn off the lights when not in use.**
- 3. Save water.**
- 4. The ways to prevent pollution in air and water.**
- 5. Say No to plastic.**
- 6. Encourage the idea of Reduce Reuse and Recycle.**

The students need to express their ideas in creativity according to the Themes...

- 1. THE Earth and I**
- 2. THINGS I CAN DO TO HELP MY EARTH**

Let's all of us take a pledge to take care our environment and planet.

Please recite the poem (which is shared with you) and color the planet Earth on A-4 sheet. If print out is not possible then you can draw and color this picture.
