La négation

A negative sentence allows us to negate a statement, express disagreement, deny the occurrence of an event or an action. The most common negative construction in French is **ne + verb+ pas**. Although there are other negation phrases also which we will learn later.

The structure of an **affirmative sentence** is:-

**SUBJECT+ VERB+ OBJECT**

**Mon amie + aime + les pommes**

But the structure of the **negative sentence** is

**SUBJECT+ NE/N' VERB+ PAS+ OBJECT**

**MON AMI + N'AIME PAS +LES POMMES**

- While framing a negative sentence into French, put Ne/N' and pas around the verb.
- This NEGATIVE STRUCTURE - NE /N'+ VERB+ PAS in French is used to express **do not, does not, am not, is not, are not**.
- **Ne + verb + pas** is used when the verb starts with a consonant and **N' + verb+ pas** is used when the verb starts with a vowel.

Par exemple

Mon père ne **travaille** pas à la banque.

Mon père **n'adore pas** les animaux.

For example –

Affirmative	Negative
Je <b>vais</b> au parc.	Je <b>ne vais pas</b> au parc.
C' <b>est</b> un hibou.	Ce <b>n'est pas</b> un hibou.
Les amis <b>parle</b> anglais	Les amis <b>ne parle pas</b> anglais.
