### BAL BHARATI PUBLIC SCHOOL, PITAMPURA, DELHI – 110034

# Weekend Activities Class- VI

#### **Subject – Meal Planning**

#### **No-Bake Easy Banoffee Pudding**

#### **Ingredients**

•	Biscuits	15-20
•	Caramel sauce	one cup
•	Bananas	2
•	Whole milk	4 cups
•	Milk	¾ cup
•	Custard powder	6 tbsp

Grated chocolate for topping

#### Instructions

- 1. To start, pour milk in a saucepan. While it simmers, make a custard powder slurry by mixing the ¾ cup milk and custard powder. Mix well so that it resembles a slurry. Add the slurry to milk and allow it to come to a boil. Cover with a cling film and leave it to chill.
- 2. In your dish of preference, place a neat layer of biscuits at the bottom.
- 3. Pour over half the caramel sauce.
- 4. Place bananas on top of the caramel sauce.
- 5. Add the chilled custard and spread well.
- 6. Repeat the above given steps- biscuit- caramel- bananas- custard.
- 7. After the last layer of custard is done, whip your cream to stiff peaks and spread it generously over the custard layer.
- 8. Grate some dark chocolate on top and your banoffee pudding is ready to serve!

### **Makhana Mixture**

### **Ingredients**

<ul><li>Ghee</li></ul>	2 tbsp
Makhana	2 cups
Almonds	1/2 cup
Cashew Nuts	1/2 cup
Melon Seeds	3 tbsp
• Dry Coconut (Cut into t	thin slices)1/4 cup

- 8. Let the namkeen cool.
- 9. Store in an airtight container for up to 2 weeks.

# SUBJECT-ART TOPIC- INDIAN CONTEMPORARY ARTIST- JAMINI ROY

TASK- Do study work of artist's any one master work.

## **MATERIAL REQUIRED-**

- White sheet.
- Pencil/eraser.
- Any kind of colours available.
- Write in brief about the given artist and his artwork.
- You can also take reference from the net.

#### **PUT ON YOUR THINKING CAP**

#### **LEVEL I**

- **Q1**. A farmer had 40 chickens and rabbits in all. He counted a total of 120 legs. Find the number of chickens and the number of rabbits the farmer had.
- **Q2**. A spider has 8 legs and a dragonfly has 6 legs. There are 20 spiders and dragonfly altogether. There are 144 legs in all. Find the number of spiders and the number of dragonflies.
- **Q3**. For every slice of bread, a child takes, an adult takes 2 slices of bread. If there are 66 adults and children in all and 99 slices of bread are taken. Find the number of adults and children.
- **Q4**. There are 50 lamp posts along a stretch of road with lamp posts placed at opposite ends of the road. If each lamp post is 2m away from another, how long is the road?
- **Q5.** A tree is planted at every 10 m along a stretch of a road. If the stretch of road is 150m long and the trees are planted at each opposite ends of the road. How many trees are there?
- **Q6.** If I can cover a distance of 100m per minute on foot, how many minutes does it take for me to cover a distance of 800 m?
- **Q7.** Joe and Jason have Rs. 80 altogether. The amount of money Joe has is three times the amount of money Jason has. How much does Joe have?
- **Q8**.12 pupils stood in a queue. If 4 pots of flowers are placed between every 2 pupils, how many pots of flowers are there altogether?

# <u>BHUJO TOH जानें</u> CLASS VI

#### Answer key to the Critical Thinking Worksheet shared on 11 September'20

#### **PUZZLE 1**

Mr. Jones has 14 students; Mrs. Smith has 22 students; Mrs. Philips has 30 students. Move the group of 8 from Mrs. Philips to Mr. Jones

#### **PUZZLE 2**

#### **ACROSS**

6. The main source of energy for our body ----Carbohydrates

3. Peels of fruits containenough of this substance -----Roughage7.An animal productthat is a rich sourceof protein for thevegetarians ...Eggs

#### **DOWN**

1. Food rich in vitamins and minerals are referred as....Protective

- 5. This ingredient is normally present in salt ----lodine
- 4. Makes our bones and teeth strong----Calcium
- 2. When this is lost from our body, it leads to dehydration....Water

#### PUZZLE 3

- i) Nitin blew balloons and put them on the wall....Reversible change
- (ii) Some of the balloons got burst......Irreversible change
- (iii) Neha cut colourful strips of paper and put them on the wall with the help of tape.... Reversible change
- (iv) She also made some flowers by origami (paper folding) to decorate the house.... Reversible change
- (v) Her father made dough balls...... Reversible change
- (vi) Mother rolled the dough balls to make puries.... Reversible change
- (vii) Mother heated oil in a pan...... Reversible change
- (viii) Father fried the puries in hot oil.... Irreversible change

#### **PUZZLE 4**

13 eight-hour intervals between 11 p.m., Sunday and 7 a.m., Friday. 13 x 2 = 26 minutes. 7:00 - 0:26 = 6:34 a.m. The alarm needs to be set for 6:34 a.m. to be sure that Alicia gets up by 7 a.m. on Friday.
