

September 2020

*“I can't change the direction of the wind but I can adjust my sails to always reach my destination.”*

-Jimmy Dean

I take this opportunity to share my gratitude towards all those who have acted as ambassadors of goodness and have not been bogged down by the trying times. The entire team of Bal Bharati Public School, Pitampura, each staff member, every student and every parent has contributed in creating an environment of support, resilience, determination and care that has led to a creation of many positive memories for all.

When the physical world seemed unapproachable, we knocked the doors of the virtual world.

We successfully created enriching opportunities for the students to develop and realise their full potential by engaging them constructively in myriad activities and competitions. All important days and festivals have been celebrated virtually with zest and vigour. Regular virtual PTMs and interactive sessions have been conducted to communicate our care to both, the parents and the students. The synergy being created by team BBPS Pitampura is reflected in the achievements of our staff and students. Upgrading digital skills, discovering life skills and overcoming every challenge has accelerated the pace of our preparedness for future.

No matter what the circumstances are outside, we strive to create a strong core because we believe that an emotionally strong individual can overcome any challenge that life throws and a great team effort can achieve tremendous learning outcome in every dimension of life.

Let us continue to find the right direction at every crossroad.

With love and best wishes

Ms. Meenu Goswami

Principal
