Education is the best investment any parent can make for his/her child. It can transform life, ensures that an individual succeeds academically, flourishes socially and enjoys a rich and creative inner life.

Reckoned as one of the top-notch schools of Delhi/NCR, Bal Bharati Public School, Pitampura thrives on the philosophy stated above by offering an academically rigorous as well as a balanced curriculum for the students from K-12 grade. The genesis of this mammoth institution, as it stands today, dates to the year 1984 and its journey has been phenomenal since then. With the solemn commitment to provide quality education, the school is engaged in the task of enabling each child to discover his/her own individuality and special skills. This distinctive mix of academic excellence and a rich co-curricular programme helps to instill a love of learning and a clear set of values in students, in ways that are exciting, challenging, ambitious as well as fun. Our mission is to inspire learning within a caring, creative and safe environment, to pursue excellence and to challenge students to think critically.

Constructed in a spacious 8-acre campus, Bal Bharati Public School is an aesthetic blend of simplicity and modern architecture with state-of-the-art facilities. Spacious and refurbished buildings and well-ventilated classrooms make the atmosphere congenial for teaching learning process. The latest smart boards in all the classes, well-managed science,

computer, robotics, math and language labs, well-stocked libraries, huge sports field, capacious auditorium, two art rooms, two hygienically maintained swimming pools and a comfortable air-conditioned medical room winch the school up to the highest rung in terms of infrastructure and facilities.

"Leadership is the capacity to translate vision into reality." Bal Bharati Pitampura exemplifies this statement as this esteemed institution has created a special place for itself among the top-rated institutes of the country under the dynamic leadership of our chairman Mr. L. R. Channa, Mr. S. K. Bhattacharya, a renowned educationist (Secretary/Manager of the school) and Ms. Meenu Goswami, the charismatic principal of the school, have been the beacons of light steering the school towards attainment of its objectives.

"Respect, resilience and responsibility" are the guiding principles that underpin every aspect of our pupils' school life. It goes without saying that they are at the forefront of teaching and learning in the school and they are the thread that weaves through every aspect of the school community. We march ahead with the constant support of our stakeholders and the strong parent and alumni connect emancipates us to dream big and soar high.

The long illustrious history and grand achievements of Bal Bharati Public School, Pitampura stand as a testimony to the incredible vision and glorious journey of this pioneer institution where the perpetual emphasis is on the 'education that remains after one has forgotten what one learned in school...'

ACCOLADES

When students graduate from school, their entry into the world should be so smooth that it should facilitate the transition from adolescence to adulthood. It should be so impactful that it touches the lives of multitudes; and it should be so unique that it remains etched in the minds of students who revelled it. This, is the dream that we at Bal Bharati envision for our school.

Founded in 1984, under the aegis of the Child Education Society, Bal Bharati Public School, Pitampura, sprawling in an area of approx. 8 acres, is nestled in the heart of North Delhi. The school has been a trailblazer, evolving and fearlessly, striding ahead towards distinction in all aspects encompassing the processes of hallmark education in a safe and supportive environment. This institution has carved a niche for itself after surging through all odds and challenges under inspirational leadership of our Chairman, Mr. L.R. Channa, replete with dynamic direction facilitated by Mr. S.K. Bhattacharya who made it a force to reckon with. We dreamt of success and we have toiled for it!! Today, as we continue to soar high, we owe our success to our vision, our commitment and most certainly our core values. Our educational philosophy rests on the firm belief of nurturing our students to realize their own innate potential and identify and achieve their goals in an environment of rich tutelage, joyful and harmonious learning. While keeping alive the spirit of togetherness and service before self and aiming towards the holistic development of our children, our actions continue to be guided by dynamism, expertise and affluence. The mission of the school focuses on bringing forth responsible citizens of the world who make a difference and who will make the school and the nation proud of their achievements and stellar personal qualities.

We aim to achieve this through the provision of state-of-the-art infrastructure supplemented with a humane connect. A well-balanced curriculum enriched with simulated learning environment that synchronizes classroom learning with real world situations through well-equipped laboratories and well stocked libraries greatly enhance the learners' experience. Besides, the two swimming pools along with other well-structured futuristic sports facilities offer the students multifarious opportunities while also nurturing their latent skills in the field of sports under the able guidance of their zealous coaches who work tirelessly to further raise the standards of the school.

At Bal Bharati, Pitampura, we believe that education is a shared commitment between motivated students, enthusiastic parents and dedicated teachers. With this commitment and bonding, we have achieved many benchmarks, won many laurels and many more are yet to come. We keep moving forward, opening new doors and doing new things because we are curious to learn more, gritty to give more back to the society.....and curiosity keeps leading us down new paths!

'I LEARN FROM THEM'

STARTING SMALL

In 2013, Chander Malik decided he wanted to do something different with his life. An entrepreneur who started Tru American Information Systems, Inc. in 1991, Malik felt a need to have a greater impact on the world. "I felt I should be contributing to society," he explained. So, at the age of 55, he took a year's sabbatical and traveled to his native India.

When Malik first began his journey, he had only a vague idea of what he wanted to do. "I had a dream that I would teach three or four kids and see how it went." He certainly had no clue that his small idea would blossom into the vision it has become today – STEAM Vision – that includes innovation, entrepreneurship, social outreach, and diversity/inclusion programs.

Malik's first school visit was in Delhi, where he was born and raised. Here, he met with STEAM educator and entrepreneur Dharam Raj Rawar. Rawar had turned others to put himself through engineering school, so it didn't take long for him to see Malik's vision of helping underprivileged students and agree to join him. "I met him at 10 in the morning, and by 10:20, he was working for me," said Malik.

With a pilot project in mind, the pair set up a smart lab with one interactive SMART Board™ and a computer, at a local boarding school that serves some of the poorer Delhi students. They then began adding e-books to the SMART Board to help acclimate students to the new technology. After that came the introduction of STEAM and then the application of STEAM concepts through robotics. At that point, Malik knew they were onto something. "Students will learn anything, whatever they need to learn, to get the robot working," he said. "So, we taught them engineering, coding, physics,

September 2020

"I can't change the direction of the wind but I can adjust my sails to always reach my destination."

-Jimmy Dean

I take this opportunity to share my gratitude towards all those who have acted as ambassadors of goodness and have not been bogged down by the trying times. The entire team of Bal Bharati Public School, Pitampura, each staff member, every student and every parent has contributed in creating an environment of support, resilience, determination and care that has led to a creation of many positive memories for all.

When the physical world seemed unapproachable, we knocked the doors of the virtual world. We successfully created enriching opportunities for the students to develop and realise their full potential by engaging them constructively in myriad activities and competitions. All important days and festivals have been celebrated virtually with zest and vigour. Regular virtual PTMs and interactive sessions have been conducted to communicate our care to both, the parents and the students. The synergy being created by team BBPS Pitampura is reflected in the achievements of our staff and students. Upgrading digital skills, discovering life skills and overcoming every challenge has accelerated the pace of our preparedness for future.

No matter what the circumstances are outside, we strive to create a strong core because we believe that an emotionally strong individual can overcome any challenge that life throws and a great team effort can achieve tremendous learning outcome in every dimension of life.

Let us continue to find the right direction at every crossroad.

With love and best wishes

VIRTUAL ASSEMBLIES

Virtual Assemblies are conducted across all departments for the students, who attend the same in their school uniforms. It gives them a sense of belongingness towards one another and the school and also promotes their mental health. These assemblies impart discipline in their lifestyle and encourage the School Spirit.

FEEDBACK- VIRTUAL ASSEMBLY

I believe the concept of virtual assembly wherein each section needs to present once is extremely uniting for us students. Especially in the times like these when a person may feel nostalgic, this gives us that one last opportunity to feel the drive of participating and working together with the whole class.. - Abhipsa Punwani

Assembly was an important part of the normal school life. Virtual assemblies ensured that the students continued to get a flavor of their favorite school event. It also ensured that the students get a chance to wear school uniform that they used to wear daily before the pandemic. Kudos to the Bal Bharati Team and a big thank you. -Meenu Seth (mother of Ananya Seth)

The peace assembly presented by class 5 of Bal Bharati Public School was beautifully presented imparting a very important message. It brought all the kids on the same platform at the same time giving them an equal opportunity to perform. They sang, gave speeches, shared information, dressed up for role plays and showcased their talents. They got a chance to learn the importance of peace and unity. This assembly brought all kids together inspite of being away from each other. – Parents of Ananya

WEEKLY NEWS BULLETIN

A *Weekly News Bulletin* is presented across classes, in which maximum number of children participate. The students not only present the main news of the days gone by, but also debate on current topics of interest. Some children showcase new ideas and experiments they may have done during the period.

ACADEMICS

ACADEMICS

The school was the centre for CBSE Compartment Examination 2020 from 22nd to 30th September, 2020. 298 students from 19 different schools appeared for class X examination and 142 students from 11 schools appeared for class XII examination. Safety measures such as proper sanitising of classrooms, social distancing, wearing of masks and all other safety protocols were observed.

CBSE EVALUATION

The following teachers were appointed by CBSE to contribute in the process of evaluation of class X and XII CBSE Compartment examinations:

Name of the Teacher	Subject	Role
Mr Pankaj Bhanwani	Economics	Examiner
Ms Sonia Kalra	Accountancy	Examiner
Ms Anupama Bhandari	Science	Head Examiner
Ms Anjali Verma	Science	Assistant Head Examiner
Ms Nishu Mangla	Mathematics	Examiner
Ms Priti Gupta	Mathematics	Examiner

EXAMINATIONS

Teaching cannot be complete without Assessment. All efforts have been directed to make the assessment process smooth and effective. Unit Test1 and Half Yearly Exams were successfully conducted for all classes from VI to XII. Google Forms and Google Classroom have proved effective tools for the Objective and Subjective exams respectively. To create a sense of ease and confidence among students, mock tests were conducted before the UT as well as Half Yearly Exams. All efforts were made to minimise the use of unfair means by students.

EXAMINATIONS

Cycle Tests were held for classes III- V on every Friday .

Cycle Tests were held for class XI from 25th July to 5th August 2020.

Cycle Tests were held for classes VI- X from 24th August 2020 to 28th August 2020.

Half Yearly Examination was held for classes VI- XII from 21st September 2020 to 6th October 2020.

FEEDBACK ON ASSESSMENTS

Assessments are a part of learning. In this lockdown time, when teaching learning process is through online mode and it seemed that how the kids would be assessed. But hats off to the educators of BBPS. The assessments were well organized, integrated with other subjects, had clear expectations , fostered peer learning and many more. –Dev Malik’s Mother

The formative assessments taken in google forms are a very good way to keep a watch on the kids as to whether they are revising the concepts done in the class regularly or not. Assessment is a key component of learning because it helps students learn. When students are able to see how they are doing in a class, they are able to determine whether or not they understand the course material.

Thanks and regards Ena Kejriwal(Mother of Amishi Kejriwal, class-4-G)

The efforts made by each and every teacher is absolutely commendable. Apart from regular conduction of online classes the exams have been taken very smoothly . Great work overall . Regards Jyotsna's mother

ONLINE CLASSES AND TOOLS

The Teaching Learning process has undergone a paradigm shift. Teachers continue to work tirelessly to deliver live lessons in creative and interesting ways. They have been trying new tools to make this process more rewarding.

FEEDBACK ON ONLINE CLASSES AND TOOLS

In my perspective, virtual classes are awesome. Initially , I was worried about how my child would understand all this but I admire you teachers, how well you organise and coordinate everything that my child started enjoying and gradually learning . You give proper individual attention to every child and even recall the things they share with you . You are a perfect mentor and marvellous teacher for the little kiddos . Thanks a lot for understanding my child and nurturing him . He loves to attend your class ma'am. My experience for virtual classes is excellent. - MOTHER OF ARMAAN GOYAL

Good evening mam I want to express my sincere gratitude for all the efforts you have taken during the online classes. From day 1,Jivansh enjoyed every class of yours and used to look for your class even on holidays which is a surprise for me .

I really appreciate the way in which u pay attention to each and every kid of the class during online class n in fact love the way you ask every child about the topic taken during the class . I also thank you for all the wonderful work you have done and looking forward for more innovative sessions with you for my son....

Regards, MOTHER OF Jivansh

FEEDBACK ON ONLINE CLASSES AND TOOLS

Highly satisfied with online classes. We could judge the efficacy of the classes and clubs by the commitment of teachers and our ward. They are timely and professional.

-Mr. Sandeep Vats

Nowadays, the school classes are conducted via an online platform. These classes are conducted in a very disciplined manner and I have never faced any difficulty in asking my problems to all my teachers. The virtual assemblies conducted every week are really informative and enjoyable. The different co-curricular activities like cultural clubs help us to take a break from studies and learn something new.

HAPPINESS CURRICULUM

Studies have shown that schools teaching happiness skills academically outperform schools teaching a standard curriculum. We follow a specially designed Happiness Curriculum in the Pre-Primary and Primary classes to broaden students' thinking skills and to fuel positive emotions in children. As part of the happiness curriculum class, students undergo meditation, value education and mental exercises to build on their positive strengths.

HAPPINESS CURRICULUM

ACTIVITIES

Draw what you would consider a happy day.

Using colors of happiness, create a collection of paintings* which represent a spectrum of happiness, from contentment to ecstasy, in different styles: realism, abstract painting, etc.

Paint a picture of a happy person's face and explain all the elements that make that person's face happy.

Make a photo collage of your happy moments.

Use paper, clay, beads, fabric, etc.* to represent the happiest day you remember.

ACTIVITIES (PRIMARY)

The third week of September was observed as the Value Education Week in the Primary Department. The students of classes IV and V performed a Role play in English and Hindi respectively which helped them understand the importance of being honest. The students of Class III shared stories on the theme ‘Honesty’. The Art Club made posters. The students of classes III, IV and V took a pledge promising to follow the path of honesty always and sang melodious group songs in their classes to reinforce the values learnt.

LIFE SKILLS

At Bal Bharati, it has been our constant endeavour to help our students become better individuals. Continuing with this objective in mind, through life skills activities, we wish to orient them towards formation of good habits, developing self awareness, realising the importance of family, inculcating the values of empathy and making them responsible and strong individuals. The Middle School has adopted a trans disciplinary approach and combined life skills sessions with music classes to make it a joyful multi-sensory experience for our young minds.

Every session starts with an ice-breaking discussion followed by a short movie on the selected theme. The students are given an assignment and initiated into a music session to reinforce the theme. The responses of the google forms are reviewed and follow up done by the teacher through class discussion. This personalised approach helped in enhancing their involvement in the activity.

A CORNUCOPIA OF ACTIVITIES

When we, at Bal Bharati Public School, Pitampura, were gearing up for another fruitful session and to welcome excited learners to their new classes, the perilous outbreak of the corona virus epidemic posed an unprecedented challenge for the educational institutions. It was decided to shut all schools as a measure to counter the deadly virus and safeguard young learners. With the foresighted vision and inimitable leadership of our dynamic Principal, Mrs. Meenu Goswami, the school decided to stride ahead with renewed strength and positivity and steadily switched over to the online mode of education for all classes. Different

strategies were adopted to help and support the well-being of all the children and mitigate the adverse effects of these challenging times.

Inspired by Ms. Rekha Sharma (Education Advisor and member of the Management Committee), the passionate educators at Pitampura successfully undertook and executed Project COVID.

As part of this initiative, the students have participated in a wide variety of activities, designed to enhance their understanding of this pandemic and be better prepared for future. The activities include:-

- ⇒ Vocabulary words related to COVID -19
- ⇒ Designing posters related to COVID -19
- ⇒ Speeches on the topic related to the pandemic
- ⇒ E-Communication – 'Things that kept me busy during this period'
- ⇒ Stating Do's and Don'ts to be followed during COVID – 19 to spread awareness among peers
- ⇒ Designing masks
- ⇒ Sharing of simple recipes of the dishes which the students tried during the lockdown.

"Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less."

ACTIVITIES (PRE PRIMARY)

READING PERIOD

Fluent reading is new to the children of classes I and II, and to make it a habit, a Reading Period has been introduced where they are given exposure on how to read fluently and with expression. The librarian motivates them to post their reading videos on her email which children do regularly.

WORD OF THE WEEK

An initiative has been taken to improve the vocabulary of the children of classes I and II through 'Word of the Week'. A word is introduced every week and its meaning and usage is discussed everyday. Through this daily reinforcement, their vocabulary as well as reading and writing skills have shown marked improvement.

ACTIVITIES

HINDI DIWAS

To promote love and respect for Hindi, children of Class II presented a special E-Assembly on Hindi Diwas on 14th September, 2020. They took part in speeches, poem recitation and elocution in Hindi. There was a dance performance by students based on Saint Kabeer's Saakheeyan and their relevance in our daily lives. A number of activities for other classes were also organised.

ACTIVITIES (PRIMARY)

Reading Week was organized in the Primary Department from 08th September 2020 to 14th September 2020. A plethora of activities were organized for the students every day to inculcate and nurture the habit of reading among students.

SPORTS

The Sports instructors have been sharing videos with students, wherein they are performing easy-to-do exercises and yoga with the aim to help students and their family members to stay fit and healthy while at home.

A live sports class is also conducted every week across the school. These sessions help students to become mentally alert and disciplined, thereby boosting their academic performance.

ALUMNI CONNECT

ALUMNI INITIATIVES

Our Alumni launched an empowering initiative for students to help them navigate the path to success in their fields of interest in the month of April. 'Men and Women of Substance' was born out of the shared passion across the alumni community to enable the students of our school to achieve greater heights by sharing their struggles and achievements. The 2nd Season of Men & Women of Substance Webinars began on 10th October, 2020 as follows:

- 1) 10th October, 2020 - Mental Health Day - Dr. Anjuman Bains, Consultant Psychologist.**
- 2) 17th October, 2020 - Mr. Devashish Sharma, Institutional Investment professional.**
- 3) 24th October, 2020 - Ms. Prachi Gupta, Architect.**

INDEPENDENCE DAY

‘Independence Day is an amazing opportunity to remind ourselves how hard we’ve worked for it.’

A virtual vibrant Independence Day cultural program, replete with colourful dance performances, songs and skits, was presented by students across all classes. Their enthusiastic participation expressed their joy and pride for the nation.

The Principal and the Administration staff hoisted the National flag in the school cricket ground. The function spread a wave of patriotism and respect for the nation among all. The entire function was shared with all the parents and was much appreciated.

TEACHER'S DAY

Today's times are different, yet the dedication and involvement of teachers for their students remains uncompromised. Making teachers feel special and giving them a break from their busy schedules and mundane routines, the students, across all classes presented a beautifully choreographed cultural programme on 5th September, 2020.

The Alumni Association of BBPS, GR unit also organised a melodious Sufi Night for the teachers, in which renowned singer Lakhwinder Wadali, performed to a mesmerized audience.

The background of the slide is a solid light blue. It features several faint, thin lines in a light blue color that form a grid-like pattern. There are also several small, solid-colored circles scattered across the background. Two of these circles are orange, and two are a darker blue. The circles are positioned at various points, some near the corners and others near the center.

COUNSELLING AND MENTAL HEALTH

The COVID 19 lockdown has created a totally new environment with long term effect on mental, emotional as well as physical well being of everyone, especially children. The Counselling Team has been very actively involved in providing support to students, parents and teachers through various activities:

TOPIC	CLASSES	DATE	KEY TAKEAWAYS/ACTIVITIES
LET'S TALK	VI-VII	22.08.20	<ul style="list-style-type: none">-Counsellor's Introduction- Fun games to understand the concept of School Counsellors

UNDERSTANDING OUR EMOTIONS- Positive and Negative Emotions	VI- VII	05.09.20	-Mood Thermometer -Inside Out Movie Analysis -Positive and Negative Emotions
IMPULSE CONTROL	VII	12.09.20	-Role of Impulse and Controlling our Impulses -The activity given was to make your own remote control to use it before taking a decision

COUNSELLING AND MENTAL HEALTH

Why do we need to control an Impulse?

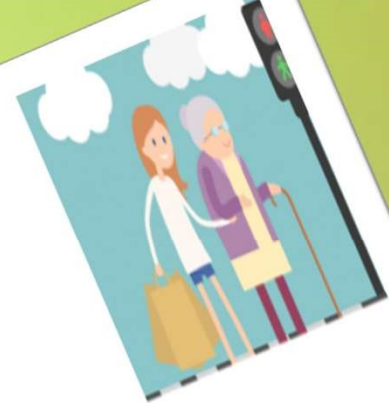

- An impulse is a sudden urge to do something. It's like our inner child telling us to do something without thinking about the implications our action may have. Therefore, we need to control it.
- People who better control impulses can make better life choices and decisions.

KINDNESS

Let's Discuss :

- Why do we need kindness?

Do you remember any acts of kindness you have done recently. Ponder about how it felt after being kind to someone.

COUNSELLING AND MENTAL HEALTH

Mental Health Week Celebration- To commemorate the importance of mental health and well-being and to reduce the stigma associated, Mental Health Week was celebrated in the first week of October. Daily mindful living activities were shared across classes and students were encouraged to participate wholeheartedly.

It is not happy people who are thankful, it is thankful people who are happy!

MINDFUL MONDAYS

Mindfulness and living with a positive mindset is a guiding arrow towards building mental strength. The Counsellors work towards building holistic mental strength and well being of the students through the Mindful Monday Programme. Every Monday students are provided with positive practices and activities. They are encouraged to do deep breathing, be positive and learn how to manage different stresses of life.

MINDFUL MONDAY

“

There are everyday habits that have an impact and there are things that are transient in nature and will pass off with age - these may become important for us and become multiple focus monsters that take us away from our goals in the long-run

Kids, here's an easy way to keep the distractions in check and achieve the goals you set for yourself :

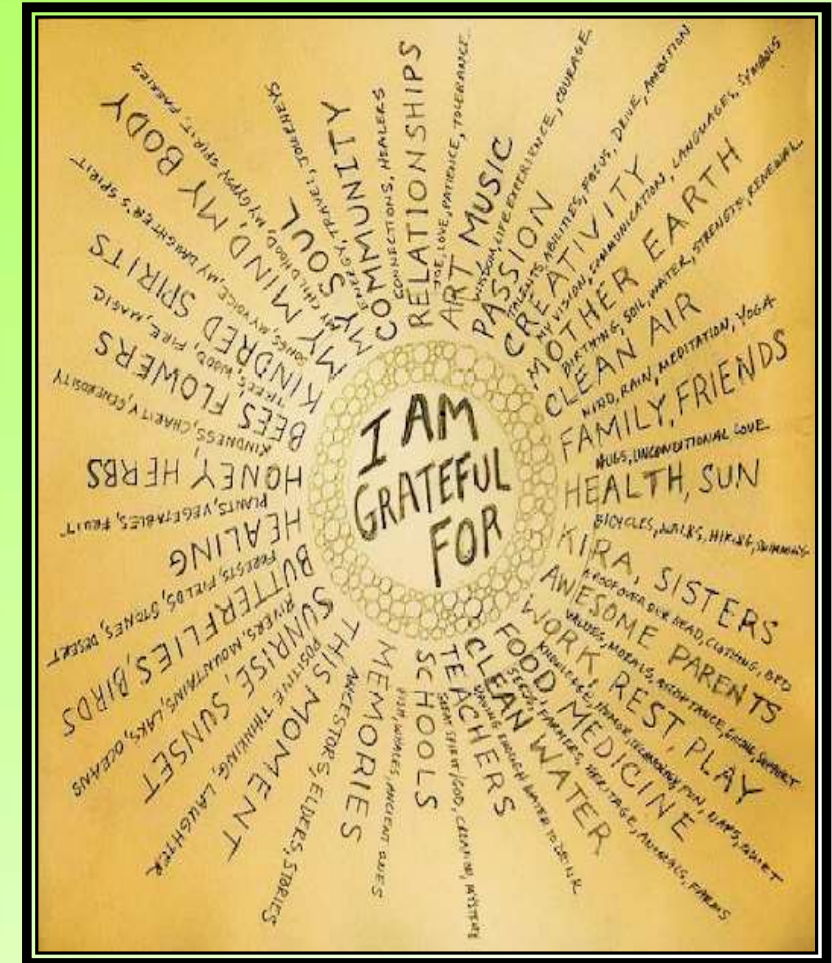

Manage the external distractions by putting all devices away at study time or by turning off alerts in the devices if you are studying online. Clear your physical study space and remove any potential things you can get distracted by. Make time to engage yourself in hobbies or a form of physical exercise, that you enjoy which will also improve your focus! 😊

”

GRATITUDE PROGRAM

“It is not happy people who are thankful, but thankful people who are happy”

Thankful Thursdays is a gratitude programme that aims at unlocking the blessings of life and recognising the abundance around. On Thursdays, students across classes are encouraged to share their experiences and stories of thankfulness and gratitude for different aspects of their lives. They are also guided to express their gratitude to members of their family and family helpers.

ISA

In current times when we are sitting in our homes and are disconnected from one another physically, the school activities are giving an opportunity to the children to remain connected with one another, though virtually, at the global level . Our students have been regularly participating in various international programs, events and competitions.

ISA

A team of students from class X has been actively engaging in virtual dialogue with their peers on the website of Generation Global, Tony Blair Face to Faith Foundation.

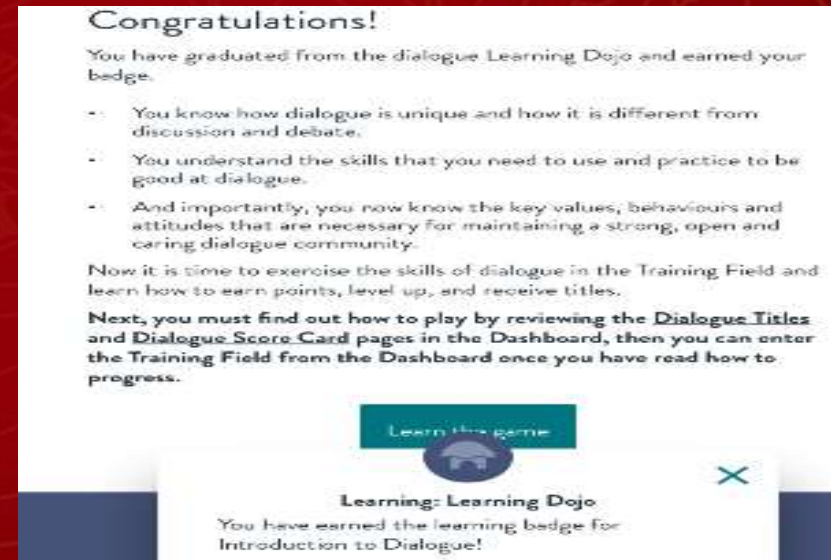

GENERATION GLOBAL

My achievements

These are all the badges you have achieved, and the ones you can still unlock.

Dialogue Octopus
2070 XP / 1429 XP to next level

Congratulations!

You have graduated from the dialogue Learning Dojo and earned your badge.

- You know how dialogue is unique and how it is different from discussion and debate.
- You understand the skills that you need to use and practice to be good at dialogue.
- And importantly, you now know the key values, behaviours and attitudes that are necessary for maintaining a strong, open and caring dialogue community.

Now it is time to exercise the skills of dialogue in the Training Field and learn how to earn points, level up, and receive titles.

Next, you must find out how to play by reviewing the Dialogue Titles and Dialogue Score Card pages in the Dashboard, then you can enter the Training Field from the Dashboard once you have read how to progress.

CULTURE CLUBS

The Student Council of the Senior Secondary department took up the initiative of creating 8 Culture Clubs to provide children a platform to express themselves and reach their fullest potential.

THE CYBERNAUTS (BYTE CLUB)- A Computer Club, wherein the sessions enable the students to have an expanded skill set on web development, cyber security, graphic design, programming and motion design, all under the guidance of experienced mentors.

PEHCHAAN DRAMA SOCIETY- This Theatre Club conducts some fun basic improvisational and acting exercises, followed by tasks like nukkad, dramatic plays, mono and one acts, extempore, courtroom drama, debates and much more.

CULTURE CLUBS contd...

THE ARTISANS - A club that takes one to the world of colours, the sessions are engaging and help the students explore the basics of art, textures and craft work.

THE ORATORS - This club offers a platform to the children to develop and hone their public speaking skills. Its 2 branches, the Ted-Ed club and the MUN club, aim to expand their horizons of knowledge through interactive and informative sessions.

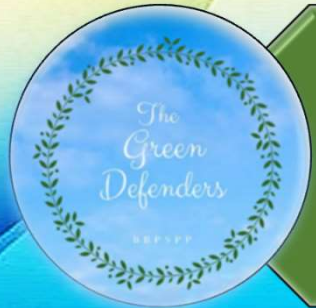

THE INNOVENTORS - Here, children get to know about the famous theories and concepts of science and fuel their curiosity and research for more such ideas and concepts.

CULTURE CLUBS contd...

THE PAGE TURNERS - A club, which provides space wherein all reading and writing enthusiasts can share their talent with each other and enjoy being a part of it. Students can also share and express their work on our WordPress blog or the Instagram page.

THE GREEN DEFENDERS - This club holds discussions on how our daily actions impact our surroundings and how we as students can do better and become more eco-friendly.

THE EVERYDAY ECONOMISTS - This club gives high school students the skills to think of new economic policies or question the existing ones and will also help them to develop a mind-set to start real companies.

REPORTING MATTERS

The school has received approval from CBSE for Extension of Affiliation up to Senior Secondary level from 01.04.2019 to 31.03.2024

During lockdown, school transport has not been functioning.

The total number of books in all three libraries is 31195.

'The greater the difficulty, the more the glory in surmounting it. Skilful pilots gain their reputation from storms and tempests.'

We are making constant and consistent endeavours to steer our way through the tempestuous times of the pandemic and make the journey sound for our students, staff and parents.

I would like to convey my earnest gratitude to our Chairman, Shri. L.R. Channa, for his dynamic leadership and able guidance. His unconditional support in every endeavour has given us the necessary confidence and vision to keep striding in these unprecedented times.

I also take this opportunity to express my deep regard for Mr. S.K. Bhattacharya, Secretary Manager for standing with us like a rock, inspiring us with his positivity and sound advice.

I thank all members of this august committee for their unwavering belief and resolute faith in our capabilities. It is this trust that motivates us to dream and fulfil those dreams in the face of any obstacle.

We are of the firm belief that no matter what these challenging times have in the offing, we will remain unstoppable and set our course with incredible action.

Once again, my heartfelt gratitude to every member of the Managing Committee.

Wishing all a very happy, healthy and safe
Diwali.

A bouquet of flowers is arranged on a rustic wooden surface. The bouquet features a large, vibrant pink daisy flower with a yellow center, surrounded by clusters of small white baby's breath flowers and green foliage. A wooden tag with a hole and a string is attached to the bouquet. The tag has the words "Thank you!" written in a cursive font.

Thank
you!
