

BAL BHARATI PUBLIC SCHOOL, PITAMPURA, DELHI-110034

CLASS III SUBJECT - EVS (2020-21)

TOPIC- WATER- A NECESSITY

NAME _____ CLASS III _____ DATE - 07/12/2020 TO 11/12/2020

LEARNING OBJECTIVE- EACH CHILD WILL BE ABLE TO

- 1) DEFINE WATER POLLUTION**
- 2) ENLIST WAYS IN WHICH WATER POLLUTION IS HARMFUL FOR US**
- 3) ENUMERATE THREE CAUSE OF WATER POLLUTION**
- 4) IDENTIFY AT LEAST 3 WAYS OF REDUCING/ AVOIDING WATER POLLUTION.**

ART INTEGRATED LEARNING - PHOTOGRAPHY

From the daily house hold activities take pictures (using mobile phone) where your family is saving water by different means. Make a pic collage and share it with your friends and family .

WATER POLLUTION

WATER POLLUTION IS WHEN WASTE, CHEMICALS, OR OTHER PARTICLES CAUSE A BODY OF WATER (i.e. RIVER, OCEAN, LAKES) TO BECOME HARMFUL TO THE FISH AND ANIMALS THAT NEED WATER TO SURVIVE.

Water pollution is harmful to us in many ways ...

- a) Many water animals and plants die due to water pollution**
- b) Drinking water can cause diseases like jaundice and cholera**
- c) Bathing in dirty water can cause skin diseases.**

WE ALL SHOULD MAKE EFFORTS TO REDUCE WATER POLLUTION

**DO NOT WASH CLOTHES, URINATE OR BATHE
IN PONDS, RIVERS AND LAKES .**

**DO NOT LAY WATER PIPES AND DRAINAGE
PIPES SIDE BY SIDE. DRINKING WATER CAN
GET POLLUTED IF DRAINAGE PIPE IS
LEAKING.**

LET'S BE CREATIVE.....Name and paste pictures to show water pollution.

LETS GET ACTIVE...

- ❖ **Do a survey of five houses in your neighbourhood. See if there are any leaking taps or pipes. Also, talk about various ways of saving water with the people living in those houses. Give them a hand made pamphlet or card suggesting simple ways to save water Yes! Do not forget to get a picture clicked and share it with your friends and teacher.**
