

Republic Day Celebration in Pre-Primary

Pre-Primary students joyfully celebrated Republic Day on 25.1.2021 in their virtual classes.

The significance of the national festival was discussed by the facilitators in their classes. Class Facilitators explained the meaning of the Constitution and talked to the children about the bravery awards given on that day. This was done in order to encourage and motivate all the children. Facilitators also shared about the Parade/fly past in the sky that are performed on that day. Children were asked to add anything tricolour to their attire so that they can understand the feeling of Patriotism. Children enjoyed making tricolour wrist-bands and sandwiches in their activity classes.
