*New Initiative, Feb 2021 - Chit Chat Show*

A chit chat show was organised by Pre School and Pre Primary teachers in the month of February as a new initiative to make kids feel special and provide them with an opportunity to chat and share their wonderful memories with their class teachers along with their fruits and healthy drink.

The teacher created a sense of excitement and curiosity at the beginning of the week among kids by informing about this program. Six children were invited every week and the occasion was made very special and fun filled for them and the echoes of their laughter and smiles filled the whole environment with happiness and positivity.
