

PRESCHOOL
DECEMBER ACTIVITIES
ROCK WITH RHYMES

Rock with rhymes activity was conducted in the pre- school classes virtually on 3-12-21. The children had to recite any English rhyme from their rhyme book. The children participated enthusiastically in the activity. They recited the rhymes with actions, expressions and voice modulation. Some children used puppets while others used related props while performing. Children had fun while performing themselves and also while watching others to perform. Children were appreciated for their efforts and participation.

RAPID FIRE ACTIVITY

Just to see how quick of thinkers our children are, Rapid Fire Activity was planned virtually on 15 December 2021.

The topic was “Winter Season” which was already by the teachers in the virtual classes. Every child was given turn and asked 2-3 questions related to the topic and was encouraged to give answers in one word as fast as possible. Children were very excited to participate in the activity and were appreciated for giving the correct answers.

CHRISTMAS CELEBRATION

Christmas was celebrated as a joyous and happy time for our preschoolers on 24th December, 21 during the online class. The teachers talked about white Christmas, fun and enjoyment with family, the importance of giving, sharing, and caring. The children enjoyed the Christmas celebration by participating in week-long fun-filled activities like Christmas tongue twisters during interactive sessions, solving Christmas puzzles and mazes, art and craft activities etc. To continue the celebration with some frolic cheer, they were beautifully dressed up in party gear and joined in with their family members for an interesting and fun-filled 'Bread Tearing' activity as a bond of togetherness and sharing. A Christmas corner was created at home which included a decorated Christmas tree and surprise gifts for each family member to be opened on Christmas Eve wishing everyone MERRY CHRISTMAS.
