PRE PRIMARY

Activities for the month of December '21.

KIDS IN THE KITCHEN ACTIVITY (06-12-21)

Cooking with kids is not just about ingredients, recipes and cooking. It's harnessing imagination, empowerment and creativity. The kids in the kitchen activity was organized for the children of Pre Primary in their online classes on 6th December, 2021 to provide them with a platform to showcase their talent and explore new areas of interest. The students showcased their artistic ability and aptitude by preparing their dishes with paramount concentration and attention. They prepared healthy dishes like sprouted bhel, pasta salad, chocolate balls, rainbow sandwiches, strawberry crush, fruit salad, etc. The dishes were presented in an artistic and aesthetic way. It was a good learning experience for our young learners and helped to lay a foundation for healthy eating habits.

Christmas Sweater Day (22.12.21)

Let's celebrate the joy of giving- A sweater for everyone.

The children of Pre Primary celebrated Christmas Sweater day on 22.12.21 during their virtual classes. Children were asked to decorate their old sweaters on Christmas theme creatively and donate the same to one in need. Children described their unique sweaters during their online class.

Children were sensitized towards the joy of giving and bringing happiness in the lives of others and making their Christmas special this winter. Parents were also encouraged to celebrate Christmas sweater day together with their family and enjoy the happiness of celebrating and donating the sweaters that they had worn to the people in need.

Christmas celebration (20.12.21 to 24.12.21)

A Christmas week was planned for the children of Pre Primary from 20.12.21 to 24.12.21 full of fun filled activities. Christmas sweater day was celebrated where children wore creatively decorated sweaters and describe the same. They were then donated to the one in need to celebrate the joy of giving.

Children enjoyed making Christmas puzzles, Christmas craft and decorating muffins. They sang Christmas carols and dance to the tune of the same. Children also enjoyed Tongue Twisters on Christmas during their Interactive session.

Parents were also suggested to have a great family time together enjoying games, Christmas treats and exchanging gifts.
