

From the Principal's Desk

Aristotle once said, "Educating the mind without educating the heart is no education at all".

In keeping with this maxim and to keep pace with today's fast-changing educational set-up, laced with digital media and collaborative tools, we, at BBPS, Pitampura, aim to provide the best education to our students, so that they can become valuable global citizens of tomorrow. The global competence represents the knowledge, attitude, skills, and behaviour, necessary to thrive in today's interconnected world.

Ms. Meenu Goswami

Therefore, we constantly endeavour to help our students demonstrate digital proficiency as well as civic responsibility. Virtual tools and open-source software create borderless learning territories for students of all ages, anytime and anywhere.

Aside from providing a range of curricular and co-curricular activities, we support the individual well-being of our students. Through our social endeavours, we seek to instill and develop a keen social conscience and the capacity to make ethical decisions among our children, to help them learn and grow into well-rounded citizens and critical thinkers.

Our students are taught to value responsibilities and community connections by catching on these values from their mentors. Due credit must be given to our steadfast and persevering staff members for honing the abilities of the students to their optimum best.

Being stakeholders in this diaspora of learning, parents stay engaged, to aid in the process of providing wholesome and all-round education to our students. It is only through collaboration and mutual trust and support that we can provide an enabling atmosphere to our students to soar higher in the sky of learning.

Nelson Mandela aptly said,

"The greatest glory in living lies not in never falling, but in rising every time we fall."

Message from the Headmistress

As they say, **"A flower makes no garland"**, this immersive newsletter is the outcome of a team-effort, strewn with articles/write-ups which are nothing short of creative masterpieces, making the product look rich and vibrant. This E-newsletter is an effort to recapitulate our students' eventful journey and growth

during these different and difficult times. When we look back at what all we have accomplished over the last few months, it gives us the strength to carry on with a head held high and heart filled with hope. Therefore, in this New Year, let's leave behind our worries and be appreciative of all the good things that life has to offer! And one such thing is the achievements of our children who have blossomed into such beautiful bundles of potential with time.

We hope you will enjoy reading this edition as much as we enjoyed putting it together for you. Happy Reading!

Ms. Kajal Sachdeva

Keeping the MAST UP & HIGH....

Dhiren Mahajan

Dhiren Mahajan of Class V, secured the Second Position in 1 lap Road Race Inline and 1 Lap Inline Rink Race in 59th National Roller Sports Championship, organised by GR International School, Pooth Khurd, Delhi.

Kavish Manchanda

Kavish Manchanda of Class V, won a SILVER MEDAL in the 5th National Flying Kick Sports (Martial Arts) Championship – 2021 and a GOLD MEDAL in JEET Taekwondo organised by the Flying Kick Sports Association, Delhi in December 2021.

Kavya Jain

Kavya Jain of Class III, attained the YELLOW BELT in the Taekwondo Promotion Test- an event organised by the Taekwondo Association of India (ITF) in November 2021.

Daivik

Daivik of Class III, won the Bronze Medal in Kickboxing in 45 KG. weight group in 1st RGAD SUB Junior & Junior Cadet & Senior Delhi State Rural Games 2021 in November 2021.

Naksh Shokeen

Naksh Shokeen of Class III, secured III Position in Kickboxing in 30 KG. weight group in I RGAD SUB Junior & Junior Cadet & Senior Delhi State Rural Games 2021 in November 2021.

Vihaan Gupta

Vardaan Kumar

Vardaan Kumar, Class IV and **Vihaan Gupta**, Class V, brought laurels to the school by bagging the Second Prize in INDRADHANUSH 2021, organised for CWSN students by Sanskriti School in August 2021. They participated in Free Art and Out of Box – Coconut Shell events respectively.

Keeping the MAST UP & HIGH....

Prisha Kalia

Adhya Mahajan

Anika Gupta

Prisha Kalia - Class V, **Adhya Mahajan** – Class V and **Anika Gupta** – Class IV, brought more laurels to the school by winning the Gold, Silver and Bronze Medal respectively, under the category of Under-11 girls, in the prestigious 21st RSFI National Rope Skipping Championship, 2021 .

Sanvi Nanda

Sanvi Nanda of Class III, made us proud by winning 2 Gold medals in 2 races in 48th Delhi State Roller Skate Championship held at iSkate Centre, Bawana, from 10th to 24th October 2021.

Tanishka Mukhija of Class V, secured 105th Rank from among more than 1000 students in the prestigious National Pixel Math Challenge 2021 held on 15th August, 2021.

Tanishka Mukhija

Reyan Virmani of Class III, received the Award for Excellence (Gold) in Delhi North in Grand International Speed Cubing Tournament 2021 organised by the Cube Federation of India.

Reyan Virmani

Prathi Nidheesh R. Gupta

Prathi Nidheesh R. Gupta of Class V, received the 'Certified Full Stack Developer' title with – Core Programming Skills, Design Thinking & Advanced AI App Development Skills from WhiteHat Jr.

Shivansh Mittal

Shivansh Mittal of Class IV, secured National/State/Zonal Level rankings in Kidex National All Rounder Championship 2021.

Nyra Singhal

Manish Kapoor

Parth Chadha

Vihaan Jain

Nyra Singhal, Manish Kapoor, Parth Chadha and **Vihaan Jain** of Class III, secured more than 90% marks in Azadi Ka Amrit Mahotsav Quiz 2021, organised by the Ministry of Culture in August, 2021.

Kashika Gupta

Jashnageet Kaur Juneja

Kashika Gupta of Class V and **Jashnageet Kaur Juneja** of Class IV, secured the Second Rank in India and received a cash prize for their excellent performance in National Level Mental Maths Competition organised by Ignited Mind Lab .

INTER-SCHOOL COMPETITIONS

The following students brought laurels to the school by securing the First Position in the mentioned inter-school competitions:

Name of the Competition	Name of the participants	Class	Name of the Competition	Name of the participants	Class

SCI-BUZZ CLASSES IV & V

WONDER... WHY??

SCI-BUZZ

Woolen or furry clothes easily keep us warm during winters...
Fur or wool traps air which acts as a heat insulator and does not allow our body heat to escape out. Hence, our body heat is conserved, and we keep warm!!!

SCI-BUZZ CLASS III

OFTEN WONDER... WHY??

SCI-BUZZ

Food kept outside spoils more easily during the summer and rainy season than in winters...
The high amount of moisture and warmth in the air outside helps the germs to grow very quickly on our food during these times. Hence it rots and spoils!!

SHIN

Let's count the number of total cubes and hidden cubes!

CLASS III

WORD OF THE WEEK

Word- GRIN (NOUN)

Meaning- a broad smile

Pronunciation- grin

Link for pronunciation: <https://youtu.be/dhXTPn8h>

WOW

Usage-

- > She came back with a huge grin on her face.
- > I had to hide my grin from him.
- > We came out of the playground with a big grin on our faces, showing our victory.

CLASSES IV & V

WORD OF THE WEEK

MYTH (Noun)

Meaning – an idea or story which is not true, but believed by many people

Pronunciation – mith

Link for pronunciation:- <https://youtu.be/GXnf2ppRhb4>

Usage:

This story seems to be a pure **myth**. We shouldn't believe in this **myth** about the forest.

❖ It is a complete **myth** that his uncle is very rich.

SHIN- Activities are designed to tingle the keen observation and analytical prowess of our students.

SCI-BUZZ- Aims at learning to understand and appreciate the wonders of science in our everyday lives.

ELOCUTION- Provides an apt platform to students wherein they freely express their thoughts and opinions with a streak of creative articulation.

WOW- A word per week is shared with a purview of enhancing the vocabulary of the students along with honing their communication skills in the language.

FINANCIAL LITERACY- An attempt to help our students understand the importance of various financial resources and train them to wisely use the same.

CONCEPT BUILDING SESSIONS-To help the students who need extra help and support, extra classes for English and Mathematics are being held after the regular classes with an aim to make them well-understand the fundamentals of Numeracy and Literacy.

Virtual Tour to the NATIONAL WAR MEMORIAL

A wonderful resource that can make the learning experiences authentic and enticing to students, are the virtual tours. To enrich their knowledge and to make the teaching-learning process more lively and interesting, the students from Classes 3rd to 5th are often taken on the virtual tours of the places related to their lessons in varied subjects.

INCREDIBLE INDIA

EK BHARAT SHRESHTHA BHARAT

Ek Bharat Shreshtha Bharat campaign aims at creating an environment which promotes learning between the paired states, by promoting opportunities to people of these states for appreciating, learning and exchanging best practices and experiences in the areas of food, cuisine, heritage, tourism and lifestyle.

EXPLORING DIFFERENT STATES

A unique land of vibrant colours, breath-taking landscapes and rich history, India is unlike any other country. From the cold, arid regions of Ladakh, to the hot deserts of Kutch, the huge diversity in terms of climate, flora, fauna and art, is indeed incredible.

I, **Shivansh Rakesh Kapoor**, a student of IV-G, really enjoyed doing all these activities under Incredible India, as these involved learning along with fun. I got to know about the beautiful and varied cultures of India.

PLAUDITS

The Crop Pentagon Activity helped the kids to memorize the facts easily and they were much more involved in the process. Such activities help in replacing the rote learning with 'hands-on' education. **Arshia Bansal 4A**

“Sustainable Development Goals”

To sensitize the students towards the consistent need to work for the environment and mankind, a plethora of activities based on the 9 assigned SDGs, were conducted across all the classes from III to V. The students got engaged in various activities like Poster Making, Creating their own Crossword Puzzle, Collage Making, Declamation, Performing Yoga, etc.

Goal 3

An **Online Exchange Programme** based on ‘Climate Action’ was conducted on 24th November 2021, between **Chatrabhuj Narsee Memorial School, Mumbai** and **Bal Bharati Public School, Pitampura, New Delhi**, as part of creating awareness about the ‘Climate Change’. The students of Class III from both the schools got an opportunity to discuss “Sustainable Development Goals” focusing on **SDG – 14 – Life Under Water** and **SDG – 6 – Clean Water and Sanitation**.

Virtual Exchange programme on SDGs, between BBPS, PP & Chatrabhuj Narsee Memorial School, Mumbai

INTERNATIONAL DIMENSION IN SCHOOLS

With the aim to develop global awareness and cross-cultural sensitivity among the students, **International Dimension** has been effectively incorporated and embedded at **BBPS, PP** in the school curriculum through numerous **Cultural Exchange Programmes, Video Conferences (VCs) and international activities**. This has helped the students develop an increased knowledge and awareness of the variety of cultures and traditions around us and across the globe. The activities have gone a long way in steering the learners towards becoming true global citizens appreciating, respecting and celebrating the variety around them; be it in cultures, traditions, languages or festivals.

INTERNATIONAL DIMENSION IN SCHOOLS

E-Newsletter – Green Brigade – Partnering the Greens

Today, the need for a 'Clean and Green Environment' stands undisputed. To awaken and sensitize our children towards the dire need to preserve our environment, they were motivated to create and design an E-newsletter as part of their winter vacation holiday homework. The students were briefed about the project during the online classes. They were guided to research the major environmental challenges faced by our partner countries- Australia, Oman and USA; and elucidate simple ways to combat them, thus contributing towards building up a responsible global community. The students presented their findings in the form of beautiful e-newsletters.

PLAUDITS

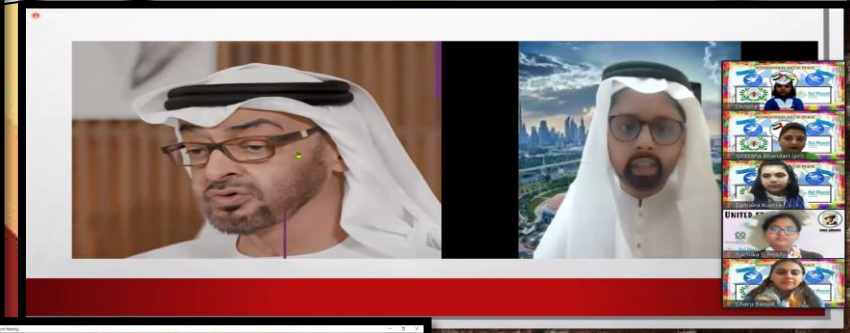

I am happy that the children were given the task of making e-newsletter on environmental issues faced by the chosen countries, most importantly, the activity reinforced the understanding of the environmental issues in the minds of the kids and it gave them the opportunity to work on tools like Canva, Adobe etc.

VIRTUAL EXCHANGE – BBPS, Pitampura & DPS, Sharjah

The students of Classes I, IV and V of both the schools, along with the members of the IDS team, met to observe the **International Day of Peace** on Wednesday, 13th October, 2021. It was noteworthy to see how the children from both the schools appeared determined to be unified in their vision and actions, as they pledged for a brighter and more beautiful world for the generations to come.

JOYFUL LEARNING

"Having fun is not a diversion from a successful life, it is the pathway to it." – Martha Beck

With an aim to bring about a positive and lively change in the mundane routine, the Primary Department organized 'Joyful Learning Day' for the students of Classes III to V. The students came to school on different days and enjoyed fun-filled time with their teachers and friends. It was endearing to see them getting to meet their peer group after such a long gap. Besides a few subject-wise learning sessions, the days were filled with many exciting elements such as Magic Show, Craft, Skipping, Western Dance and Jump Bunch. The children as well as their teachers left with many beautiful memories etched forever in their minds, hoping for many more such days to come again, soon.

ROAD SAFETY

School Clubs create small communities and attract students who share the same interests such as in music, arts, or sports. Club activities help students develop a sense of unity and teamwork, learning how to work with others in reaching the same goals, hence enhancing their social skills.

GARDENING

GREEN WARRIORS

KINDNESS MATTERS

Taking our initiative of 'Lighting up Lives on Diwali' a step forward, the students of the Primary Department observed the **'WORLD KINDNESS DAY'** by distributing blankets, food, clothes etc among the less fortunate ones and making 'Thank You' cards for the people involved in community or health services. The students engaged in the same wholeheartedly and made this day even more memorable by spreading happiness all around.

Visit to NGO – Vatsala Kesar

The students, parents and teachers of the Primary Department once again came together to help the less fortunate around us. They collected the basic essentials and visited an NGO – "Vatsala Kesar" with their gifts of love and compassion for the underprivileged children. This experience of going to "Vatsala Kesar-an NGO", helped teaching our children- care, love, kindness, empathy and compassion. Such experiences, especially during these times, surely play a pivotal role in creating sensitive, empathetic, and compassionate global citizens.

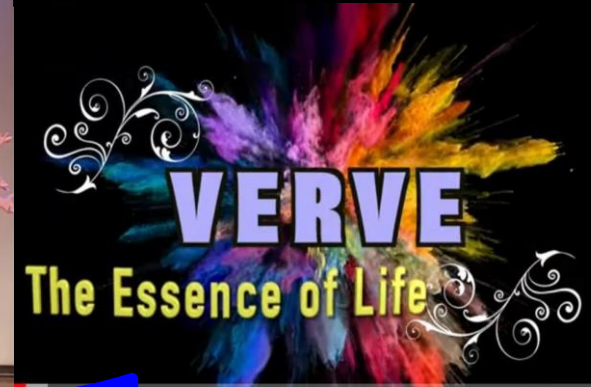

PLAUDITS

My daughter participated in the **Annual Day Presentation.**

The skills/moves/confidence showcased by the students, were of the next level. Thank you again BBPS,PP, for making our kids shine.

Deepali Gupta, M/o Anvi Gupta

THE ANNUAL DAY

PLAUDITS

It was a great learning experience for my daughter. The practice schedule was very well planned by the teachers. Shanaya loved every part of her participation.

CHRISTMAS

“संयमित हो जीवन, तो संतुलित होगा पर्यावरण।”

“मत काटो जंगलों को, इन्हें रहने का स्थान दो
इनमें चलती साँसे हैं, इन्हें भी सम्मान दो!!”

जानवर प्रकृति का सबसे बड़ा हिस्सा हैं और मनुष्य आवश्यकताओं की एक विस्तृत श्रृंखला के लिए उन पर निर्भर हैं। हर दिन धरती से 100 प्रजातियाँ खत्म हो जाती हैं। या तो मानव उनके रहने के इलाके खत्म कर देते हैं या उनका तब तक शिकार करते हैं जब तक वह खत्म नहीं हो जाते। जंगलों के खत्म होने और जानवरों के रहने की जगह कम होना ही उनकी विलुप्ति का मुख्य कारण है और बाकी नुकसान जलवायु परिवर्तन के खाते में जाता है। कई बार सीधे ही इंसान इन जानवरों की जान का दुश्मन बन जाता है। ये कहना गलत नहीं होगा कि जो इंसान लेते हैं किसी जीव की जान वो इंसान नहीं है, वो है हैवान। अतः हमें पशुओं के बारे में सोचना चाहिए और उनका संरक्षण करना चाहिए। बच्चों में और लोगों में पशु संरक्षण के प्रति जागरूकता फैलानी चाहिए।

अमीषी केजरीवाल, V G

पर्यावरण संतुलन बनाए रखने में जानवरों का बहुत बड़ा योगदान है। प्रकृति की स्वच्छता के लिए भी जानवर अत्यंत महत्वपूर्ण हैं। कितने पशु-पक्षी हैं जो कीट-कीटाणुओं तथा प्रदूषण युक्त वस्तुओं को खाकर मानव जीवन की रक्षा करते हैं। ऐसे पशु-पक्षियों का ना रहना अथवा लुप्त हो जाना मनुष्य के लिए बहुत अधिक हानिकारक है। जानवरों की सुरक्षा के लिए हम सभी को पेड़-पौधे लगाने चाहिए क्योंकि जानवरों के लिए पेड़-पौधे उनका घर होते हैं। हमें जानवरों को व्यर्थ में नुकसान नहीं पहुँचाना चाहिए किंतु उनकी रक्षा करनी चाहिए।

वान्या तायल, V C

हमारा कर्तव्य बनता है कि हम पशु-पक्षियों की रक्षा करें, जिससे आने वाली पीढ़ी भी पशु-पक्षियों को देख सके। हमें अपने मनोरंजन के लिए पशु-पक्षियों का शिकार नहीं करना चाहिए। जितना ज्यादा हो सके शाकाहारी बने जिससे एक निर्जीव की जान बच सके।

अर्जनवीर कपूर, V C

प्रकृति हमारी जीवनदायिनी है। प्रकृति हमें सिखाती है कि हमें किसी भी परिस्थिति में हारना नहीं चाहिए बल्कि पहाड़ की भांति अटल रहना चाहिए। जिस प्रकार मानवता को जीवन का अधिकार है इसी प्रकार पशु-पक्षी और पेड़-पौधों को भी समान अधिकार है। मनुष्य को समझना होगा कि यदि पशु-पक्षी और पेड़-पौधे हैं तो हमारा जीवन है अन्यथा नहीं। इसलिये प्रकृति में संतुलन बनाए रखने के लिए अधिक से अधिक मात्रा में पेड़-पौधों और पशु-पक्षियों की रक्षा करनी चाहिए क्योंकि उन्हीं से प्रकृति है और यदि प्रकृति है तो हमारा जीवन है इसलिए प्रकृति प्रेमी बनो।

हार्दिक शौकीन, V C

“मूक प्राणी कुछ नहीं बोलते, दुःख सहकर भी हँसते हुए डोलते,
पर्यावरण सुंदर बनाते, ना जाने क्यों इन्हें हम समझ नहीं पाते।”

DREAM INVENTIONS/DISCOVERIES-- THE POWER TO CHANGE THE WORLD

A MAGICAL PENCIL

I would like to include a magical pencil in my latest dream invention. This pencil will be one of its kind and made of plastic, to confuse people as they will think that it's a pen. It will have a camera on the top to read and memorise the lines. Besides, it will also have a projector in the middle to reflect the content on the paper and help us to write on the reflected part. Yippee!! Our work of memorising the content will finally end.

Daiwik Mahajan, 5 G

WEATHER CHANGING MACHINE

What if we could change the weather according to our choice? Isn't it very exciting to control the weather? Yes, it is. It will be very exciting to change the weather according to our choice. I want to invent a “Weather Changing Machine” by which I can help the humanity. During summer, I can get rainfall in the drought hit areas so that the farmers will not suffer. In winters, I would like to make the sun shine in the snow-clad, freezing areas to make lives a little easier for the people living there. During the monsoon, although the weather is generally very good, yet in some areas rain causes flooding, leading to the destruction of life and property, I can control the rain and let people lead a peaceful life.

Hopefully, one day I will be able to invent this kind of machine to help people globally.

Saanvi Goel, 5 I

SIMPLE HABIT APP.

If I had the power to change the world, I would advocate an app named **Simple Habit App**.

Simple Habit will be a satisfaction-meditation app for busy people. It will offer free 5-minutes exercises that are easy to do even in a tight schedule. It will be designed with a scope of meditation with many mindfulness resources. A user will be able to select from a variety of situations, modes and times of day for customized guided meditation to lead a stress-free healthy life.

Trisha Garg, 4 F

USING AGRO WASTE & BIOMASS TO PRODUCE ELECTRICITY

Every year, during harvesting period, Delhi & its neighbouring cities are choked with very heavy smoke and poisonous gases, due to burning of Crop stubble & remaining Agro waste on fields. A normal AQI for healthy living should be less than 50, whereas this smoke pushes the AQI beyond 1000, which is extremely dangerous.

On the other hand, this Agro waste & Biomass is a perfect fuel for electricity generating plants. If due knowledge, technology and support is provided to the farmers, it can solve many problems simultaneously:

- Cut Delhi's pollution & smoke drastically
- Help produce cheaper electricity
- Reduce dependence on fossil fuels like coal etc.

Parnika Aggarwal, 5 G

POTION OF POWER

A tree takes at least 30 years to grow fully! So, my invention will be a potion to make trees grow tall in 2 minutes. My invention will make the world full of trees. As we all know, more trees means more oxygen.
