PGTs	21.03.22	Class X-G	SENSES	Interactive Training Session

- **A Workshop for the support staff** was conducted on 26th March 2022 by Lt. Prabhu Dayal and Mr. R.K. Sharma by Miraz Securities Pvt. Limited on issues related to discipline, appearance, responsibilities, and behaviour management was for support staff.

- An online **workshop on Cyber Safety** was held for all the staff members on 5th March, 2022. It was conducted by Mr. Purnendu Singh, Director of Cyber Peace Foundation.

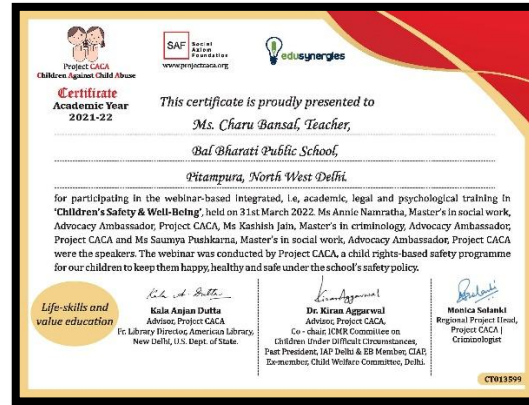

Key Points

- Importance of Data privacy and social media safety.
- Digital footprints need to be regulated as online activities are traceable.

- Identity theft is a major issue as cyber criminals create fake accounts to defame our identity.
- Our login credentials provide unauthorized access to accounts.
- We need to check for secure websites by looking at the links.

POCSO Workshop: - The school organized a workshop for the staff members on POCSO Act on 31st March 2022. The teaching and activity staff attended and underwent a two-hour training conducted by Project CACA, an organization which has worked in the field for over ten years. They explained the salient features of the act and described in detail the punishments for various offences. The speakers shared case studies to help the teachers gain deeper insights into creating a safe, protective and conducive environment for school students. Overall, the session was made interactive and was very effective in generating awareness on this pertinent topic.

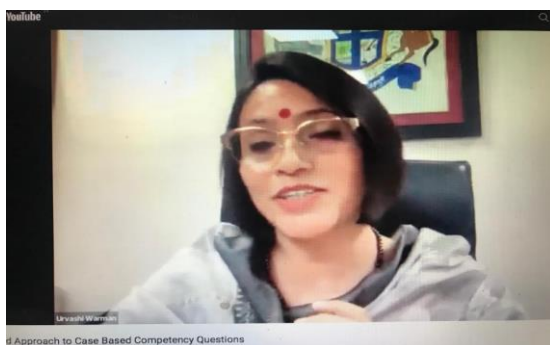

FEBRUARY:-

Ms. Amandeep Kaur	October 2021	Online	Intel(R) AI Global Impact Festival	s

A metal spoon, a wooden spoon and a plastic spoon are placed in hot water for half a day. The water is maintained at the same temperature throughout.

At the end of the experiment, the objects are taken out and their temperatures are measured immediately. Which of the following is likely to have the highest temperature?

- the metal spoon (8.4%)
- the plastic spoon (6.2%)
- the wooden spoon (5.9%)
- All the three spoons will have almost the same temperature. (5.2%)

n = 1354 students
