

Circular

Dear Parents,

July 29, 2022

This is with regard to the 'Streaming' of the students in class-XI. We have more than 230 students opting for the Science stream. Keeping the interest of the students in mind and the parent's continued insistence, we are trying to add another section for the Science stream. However, this requires some major infrastructural and administrative adjustment, and we request you to appreciate this effort.

It is important that you, as parents, understand that this special consideration is to be taken seriously. You must ensure that your ward works hard and attains a **minimum of 50% in the three elective subjects (Physics, Chemistry, Biology/Maths) in the Half Yearly exams.** If your ward does not clear the same, the school may strongly advise your ward to change the stream. Any further change of stream at this stage may be initiated before **Friday, 5th August 2022.**

We will share the list with you today evening on the school website. Students will report on **Monday, 1st August 2022 at 7:30 a.m. in the School Auditorium.**

Thanks & Regards,

Ms. Meenu Goswami
Principal
