A chance to grow, to be employed,
To find new passions, and explore the unknown,
In holidays, we're free to roam.*

Take up a book, or try a new account,
Embark on a journey, with an open heart,

Building a budget for a trip to LAKSHADWEEP & ANDAMAN AND NICOBAR ISLANDS

Planning and budgeting are important strategies to manage your money. This is especially true when you're planning for big events that cost a lot of money.

Instructions

- * Read the scenario.
- * It's an Individual project; follow the steps to build a budget for the trip.
- * Answer the reflection questions.

Scenario

You have to plan a family trip (4 members) to LAKSHADWEEP and ANDAMAN AND NICOBAR ISLANDS for 5 nights 6 days.

There are 2 adults, aged 35 and 38 years, and 2 kids aged 10 years and 8 years, in the family. You have a budget of **Rs 1, 80,000 (for each destination separately)** to cover the cost of travel, the travel costs at the destination, meals, and other fun and water activities to do.

You can choose the dates in the month of June and type of hotels (minimum 3 star), but you have to show that you'll be able to stay within the budget. Now, it's time to plan and build a budget for this exciting adventure.

Building a Budget

Step 1. Review potential costs

Choose how you'll spend your Rs 1, 80,000 budget, making sure to consider the places you'll visit, meals, transportation, and other water activities. Each of these sample costs are per person, so make sure you calculate costs based on how many people will be going on the trip.

Step 2. Create a budget

Show how you'll use your **Rs 1,80,000 budget** to cover all expenses. Calculate the total cost of each activity by multiplying the cost per person with the number of

people on the trip for 6 days. Then, add the cost of each activity to figure out the total cost for the trip.

Destination: Lakshadweep

	Description	Cost per person	Number of people	Total cost
Transport				
Meals (Breakfast, Lunch, Dinner)				
Accommodation				
Add on Activities (water sports etc)				
Total cost for 5 nights 6 days				

Destination: Andaman and Nicobar Islands

	Description	Cost per person	Number of people	Total cost
Transport				
Meals (Breakfast, Lunch, Dinner)				
Accommodation				
Add on Activities (Water sports etc)				
Total cost for 5 nights 6 days				

Reflection Questions:

Q1. How did you decide what things to keep in your budget and what to leave out? What compromises did you have to make?

Q2. Why do you think, is it important to build a budget for a trip or an event?

Q3. How do you think having a budget can help you manage your own money?
