

Pre-Primary

World Environment Day

On the occasion of 'World Environment Day' on 3rd May '24, Pre-Primary children were acquainted with the importance of the environment in their lives and how they can contribute and help in creating a safe environment.

They sang rhymes related to the theme. A paper plate collage was created by pasting pictures showcasing activities to save their environment like switching of fans and lights, watering the plants, carpooling etc.

Pre-Primary

Mother's Day

Pre-Primary children celebrated Mother's Day on 10.5.24. They made a beautiful thumb and fingerprint creation to show love and affection towards their mother. They also learnt a beautiful song to sing for them. This was a heartfelt gesture and fostered creativity, and self-expression.
