Rabindra Jayanti Assembly

Children celebrated the birth anniversary of Rabindra Nath Tagore on 8th May. Children spoke about Tagore and his valuable contribution to the Nation. They also presented song and dance performances from Rabindra Sangeet. Importance of growing plants in the environment was the highlight of the program, it was depicted through a dance procession.

Class II

World Environment Day

A special assembly was conducted on "world environment day" for the children on 3rd May ,24. Through their outstanding performances of speech, instrumental and rap song ,the participants expressed the need to save our environment. The choir song promoted tree plantation. In a skit, children explained how to dispose off wet and dry waste. Through a foot tapping dance they discouraged the use of plastic. Overall the assembly was very informative and entertaining.

FAMILY DAY

INTERNATIONAL FAMILY DAY was celebrated on 9th May 2024 through a number of activities done by all students.

A worksheet was done after brainstorming on the importance of family in our lives and society. Our memories with our family, things we do together as a family, how our family is special - were the highlights of the worksheet done.

Children also made their family tree. Handmade puppets of family members were created by students in class.

Activity- Story session

A story session was organized for the children of class 2 on 6th May 2024. Narrator was Ms. Shefali Malhotra. The theme was- I am bored. The story was weaved to explain that there is nothing like getting bored. When we get bored, the new ideas came to our mind which refresh us again. The musical instruments n modulation of voice and the costumes were used by the narrator. The children as well as the teachers thoroughly enjoyed the Story session by her. Looking forward for more such sessions to make the learning Fun for kids.

Little Astronomers

Little Astronomers (clay moulding) activity was held on Wednesday 01/05/24 in the class.

Children had to create a model using clay on the theme of Astronomy such as rockets, stars, planets, solar system etc. on a A4 size OHP sheet as base. They were also encouraged to speak 2/3 lines on their model.
