PRIMARY DEPARTMENT PROJECTS (2024-25)

PRIMARY PLAYZONE

With the aim to provide a fun and stimulating learning environment to young children, a Primary Playzone has been created for the students of the Primary Department. This play space will offer various activities such as Basketball, Wall Climbing, Monkey Bar and Hopscotch in a safe, engaging and stimulating surroundings to students.

SHOOTING RANGE

A Shooting Range has been set up in school to help students develop the skill of responsible firearm handling, safety, focus and discipline. With proper safety measures and training under professional supervision, this firing range will also give children an opportunity to improve their hand-eye coordination and confidence.

CLASS OF THE MONTH

As part of 'Class of the Month' initiative in the Primary Department, one class per grade is chosen every month, based on the cleanliness, discipline and classroom aesthetics. The main aim is to encourage the students to maintain cleanliness and discipline and be at their best behaviour always.

The photographs of each of the three selected classes are displayed on the notice board.

PARENT CONNECT

To give academic assistance to low performers and EWS students of Classes III-V, members of the parent community conducted remedial classes for them from 7:30 am to 8:30 am in May. This endeavor reflects a strong positive collaboration between the school and the PTA body and reinforces the fact that when parents and teachers work together, the teaching learning environment becomes conducive for all.
